

REVENUE POLICY – Fees

The Council proposes to charge a range of fees in 2011/12, as detailed within the attached Schedule of Proposed Fees and Charges.

The legislative basis for these fees may be found in Section 608 of the Local Government Act 1993 which provides that Council may charge and recover an approved fee for any service it provides, including the following:-

- supplying a service, product or commodity;
- giving information;
- providing a service in connection with the exercise of the council's regulatory functions – including receiving an application for approval, granting an approval, making an inspection and issuing a certificate; and
- allowing admission to any building or enclosure.

Under the principle of “user pays”, fees are introduced to offset the cost of service provision, or in the case of commercial activities to realise a reasonable rate of return on assets employed by the Council, in order to support the provision of services and to alleviate the burden that would otherwise be unfairly placed upon ratepayers.

Council has given due consideration to the following factors in determining the appropriate price for each fee:-

- the cost of providing the service;
- whether the goods or service are supplied under a commercial basis;
- the importance of the service to the community;
- the capacity of the user to pay;
- the impact of the activity on public amenity;
- competitive market prices; and
- prices dictated by legislation.

Council discloses its pricing policy by showing a pricing code against each individual fee within the attached Schedule of Proposed Fees and Charges, as:-

- Market Council provides a good / service in a competitive environment
- Full Cost Council intends to fully recover the direct and indirect cost of provision plus any community cost
- Partial Cost Council intends to partially recover the costs of provision
- Legislative Prices are dictated by legislation
- Zero Council absorbs the full cost of delivery
- Security Deposit Refundable deposit against possible damage to Council property

All fees are quoted in “GST Inclusive” terms as this is the relevant price to the customer, however it should be recognised that within the schedule there are many fees that do not attract GST. These fees have either been specifically exempted by the GST legislation or have been included within the Division 81 determination as the Australian government has deemed that the customer does not actually receive a taxable supply in consideration for the fee. The latter excludes many fees for regulatory services that are not provided within a competitive environment, and other forms of information that are provided on a non-commercial basis.

In accordance with the Department of Local Government's guidelines on competitive neutrality, Council has identified its Category 1 business (those with a turnover exceeding \$2 million) as Parking Stations. These businesses set prices in line with market conditions and their results are disclosed, including tax equivalent payments and return on capital, with Council's Annual Report.

Note: The CEO has delegated authority to adjust fees or charges payable for services provided on a commercial basis, and to waive or reduce fees in cases of financial hardship or for pressing community needs. The CEO also has delegated authority to waive fees incurred in directly carrying out its own operations or works. This does not include waiving fees for third parties conducting works or operations on behalf of the City.

Fee	Full Cost	per hr or part thereof	103.00	10%
Notes:				
1. The development application 3D data extraction fee is paid once only. This is to cover data extraction time and supply of a specified section of the model and any file translation necessary.				
2. The development application lodgement fee is paid once only. This is to cover manipulation of the proposed development application file within the model and presentation of the contextual model, overlaying of DCP requirements etc.				
3. The amendment fee is paid every time significant changes are made to the building envelope, which require resubmission of a 3D file.

▶ Provide Stormwater Drainage Outlet in Kerbstone				
Fee	Market	per lm	474.00	10%
Notes for Kerb and Gutter				
1. To aid sustainability, Council encourages the preservation of existing kerbstones wherever possible.				
2. Cracked and sawcut kerbstones are not reusable. Full kerbstone replacement for all non-reusable kerbstones will be added to Permanent Restoration to ensure Pre Road Opening laid condition can be restored.				
3. Reusable Kerbstones must be returned to the Council Stoneyard in a clean state (Free of adhesive and/or mortar) to be accepted for reuse.				
4. Council Stoneyard Delivery Record of Reusable Kerbstones (Road Opening Permit details plus reusable kerbstone type and quantity in lm) is required to avoid the cost of replacement kerbstones being added to the permanent Restoration charges.				
5. Kerbstones may only be returned to Council's Stoneyard during business hours and following prior arrangement.				
6. Council cannot guarantee availability of replacement kerbstones. Supply of replacement kerbstones may require research and sourcing from commercial suppliers at the Applicant's cost.				
7. Where exact matching kerbstones are no longer available the closest match alternative kerbstone available will be substituted and due to size, texture or colour variations may require replacement of a larger area than the initially measured permanent restoration.
