## Background

In August 2023, the Council of the City of Sydney received Development Applications from Karimbla Properties (No. 60) Pty Ltd seeking approval for development at 118-130 Epsom Rd and 905 South Dowling St, Zetland (**Land**).

The Development Applications comprise a Stage 1 concept application for roadways, pedestrian access ways, public open spaces and building envelopes with basement parking and associated landscaping (D/2023/724) and construction of roads, sewer, stormwater and water supply infrastructure associated with the development (D/2023/753).

A public benefit offer was made by the property owner to enter to enter into a Planning Agreement in relation to the Development Applications for the construction and dedication of new community infrastructure on the site identified in the Sydney Development Control Plan 2012.

The purpose of this explanatory note is to provide a summary to support the notification of a Planning Agreement, under Section 7.4 of the *Environmental Planning and Assessment Act 1979 (Act)*.

This explanatory note has been prepared jointly by the parties as required by Reg 25E of the *Environmental Planning and Assessment Regulation 2000 (Regulation)*.

The public benefits exclude the developer or owner (as the case may be) from paying monetary contributions under s.7.11, 7.12 or 7.24 of Act.
