Planning proposal (Department Ref: PP-2024-717) To amend the Sydney Local Environmental Plan 2012 (Sydney LEP 2012) to enable an increased floor space ratio (FSR) and increased maximum building height for development at 47-51 Riley Street, Woolloomooloo, that is used wholly for purposes other than residential accommodation and serviced apartments.

I, the Director, Local Planning (North, East and Central Coast) at the Department of Planning, Housing and Infrastructure, as delegate of the Minister for Planning and Public Spaces, have determined under section 3.34(2) of the *Environmental Planning and Assessment Act 1979* (the Act) that an amendment to the Sydney Local Environmental Plan 2012 to enable an increased floor space ratio (FSR) and increased maximum building height for development used wholly for purposes other than residential accommodation and serviced apartments should proceed subject to the following

The Council as planning proposal authority is authorised to exercise the functions of the local plan-making authority under section 3.36(2) of the Act subject to the following:

- (a) the planning proposal authority has satisfied all the conditions of the gateway determination;
- (b) the planning proposal is consistent with applicable directions of the Minister under section 9.1 of the Act or the Secretary has agreed that any inconsistencies are justified; and
- (c) there are no outstanding written objections from public authorities.

The LEP should be completed on or before 7 August 2025.
