#### **Overview**

City of Sydney is constituted under the Local Government Act 1993 (NSW) and has its principal place of business at:

456 Kent Street Sydney NSW 2000

Council's guiding principles are detailed in Chapter 3 of the LGA and includes:

- · principles applying to the exercise of functions generally by council,
- · principles to be applied when making decisions,
- · principles of community participation,
- principles of sound financial management, and
- · principles for strategic planning relating to the development of an integrated planning and reporting framework.

A description of the nature of Council's operations and its principal activities are provided in Note B1-2.

Through the use of the internet, we have ensured that our reporting is timely, complete and available at minimum cost. All press releases, financial statements and other information are publicly available on our website: <a href="https://www.cityofsydney.nsw.gov.au">www.cityofsydney.nsw.gov.au</a>.

## General Purpose Financial Statements

for the year ended 30 June 2024

## **Understanding Council's Financial Statements**

#### Introduction

Each year NSW local governments are required to present audited financial statements to their council and community.

#### What you will find in the Statements

The financial statements set out the financial performance, financial position and cash flows of Council for the financial year ended 30 June 2024.

The format of the financial statements is standard across all NSW Councils and complies with both the accounting and reporting requirements of Australian Accounting Standards and requirements as set down by the Office of Local Government.

#### **About the Councillor/Management Statement**

The financial statements must be certified by senior staff as 'presenting fairly' the Council's financial results for the year and are required to be adopted by Council – ensuring both responsibility for and ownership of the financial statements.

#### **About the Primary Financial Statements**

The financial statements incorporate five "primary" financial statements:

#### 1. The Income Statement

Summarises Council's financial performance for the year, listing all income and expenses. This statement also displays Council's original adopted budget to provide a comparison between what was projected and what actually occurred.

#### 2. The Statement of Comprehensive Income

Primarily records changes in the fair value of Council's Infrastructure, property, plant and equipment.

#### 3. The Statement of Financial Position

A 30 June snapshot of Council's financial position indicating its assets, liabilities and "net wealth".

#### 4. The Statement of Changes in Equity

The overall change for the year (in dollars) of Council's "net wealth".

#### 5. The Statement of Cash Flows

Indicates where Council's cash came from and where it was spent. This statement also displays Council's original adopted budget to provide a comparison between what was projected and what actually occurred.

#### **About the Notes to the Financial Statements**

The Notes to the Financial Statements provide greater detail and additional information on the five primary financial statements.

#### **About the Auditor's Reports**

Council's financial statements are required to be audited by the NSW Audit Office.

In NSW the auditor provides 2 audit reports:

- 1. an opinion on whether the financial statements present fairly the Council's financial performance and position, and
- 2. their observations on the conduct of the audit, including commentary on the Council's financial performance and financial position.

#### Who uses the Financial Statements?

The financial statements are publicly available documents and must be presented at a Council meeting between seven days and five weeks after the date of the audit report.

The public can make submissions to Council up to seven days subsequent to the public presentation of the financial statements.

Council is required to forward an audited set of financial statements to the Office of Local Government.

## General Purpose Financial Statements

for the year ended 30 June 2024

# Statement by Councillors and Management made pursuant to Section 413 (2c) of the *Local Government Act 1993* (NSW)

The attached general purpose financial statements have been prepared in accordance with:

- the Local Government Act 1993 and the regulations made thereunder,
- · the Australian Accounting Standards and other pronouncements of the Australian Accounting Standards Board
- the Local Government Code of Accounting Practice and Financial Reporting.

#### To the best of our knowledge and belief, these statements:

- · present fairly the Council's operating result and financial position for the year
- accord with Council's accounting and other records.

We are not aware of any matter that would render these statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 28 October 2024.

**Clover Moore**

## Notes to the Financial Statements

for the year ended 30 June 2024

### A About Council and these financial statements

#### A1-1 Basis of preparation

These financial statements were authorised for issue by Council on 28 October 2024. Council has the power to amend and reissue these financial statements in cases where critical information is received from public submissions or where the OLG directs Council to amend the financial statements.

The material accounting policy information related to these financial statements are set out below. Accounting policies have been consistently applied to all the years presented, unless otherwise stated.

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Australian Accounting Interpretations, the *Local Government Act 1993 (NSW)*, and *Local Government (General) Regulation 2021* (Regulation), and the Local Government Code of Accounting Practice and Financial Reporting.

Council is a not for-profit entity.

The financial statements are presented in Australian dollars and are rounded to the nearest thousand dollars.

#### Historical cost convention

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of certain infrastructure, property, plant and equipment and investment property.

#### Significant accounting estimates and judgements

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Council's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Council and that are believed to be reasonable under the circumstances.

#### Critical accounting estimates and assumptions

Council makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year include:

- (i) estimated fair values of investment properties refer Note C1-9
- (ii) estimated fair values of infrastructure, property, plant and equipment refer Note C1-8
- (iii) estimated fair values of non-current assets classified as held for sale refer Note C1-7
- (iv) employee benefit provisions refer Note C3-4
- (v) estimated former depot remediation provisions refer Note C3-5
- (vi) estimated rental waivers provision refer Note C3-5
- (vii) estimated workers compensation self insurance provison refer Note C3-5.

#### Significant judgements in applying the Council's accounting policies

- (i) Impairment of receivables refer Note C1-4 and E1-1.
- (ii) Determination of whether performance obligations are sufficiently specific and accordingly whether the contract is within the scope of AASB 15 Revenue from Contracts with Customers and/or AASB 1058 Income of Not-for-Profit Entities refer to Notes B2-2 B2-4.
- (iii) Determination of the lease term, discount rate (when not implicit in the lease) and whether an arrangement contains a lease refer to Note C2-1.

#### Monies and other assets received by Council

#### The Consolidated Fund

In accordance with the provisions of Section 409(1) of the Local Government Act 1993 (NSW), all money and property received by Council is held in the Council's Consolidated Fund unless it is required to be held in the Council's Trust Fund.

## Notes to the Financial Statements

for the year ended 30 June 2024

## A1-1 Basis of preparation (continued)

The Consolidated Fund consists of cash and other assets associated with general purpose operations only.

#### **The Trust Fund**

In accordance with the provisions of Section 411 of the *Local Government Act 1993 (NSW)* (as amended), a separate and distinct Trust Fund is maintained to account for all money and property received by the council in trust which must be applied only for the purposes of, or in accordance with, the trusts relating to those monies.

Trust monies and property subject to Council's control have been included in these reports.

The following Trust monies and properties are held by Council but not considered to be under the control of Council and therefore are excluded from these financial statements:

- Sale of Land for Unpaid Rates (residual amounts after outstanding sums recovered)
- Bequests Trust
- QVB Replacement Fund
- · Sydney Metropolitan Mayors Association

A separate statement of monies held in the Trust Fund is available for inspection at the council office by any person free of charge.

#### **Volunteer services**

Council utilises volunteers in the provision of some services. Whilst the contributions of volunteers are a valued aspect of certain services provided to the community, the financial value of these contributions is not considered material, and furthermore, would not be otherwise purchased. Accordingly, volunteer services are not recognised in these financial statements.

#### New accounting standards and interpretations issued but not yet effective

Certain new accounting standards and interpretations (ie. pronouncements) have been published by the Australian Accounting Standards Board that are not mandatory for the 30 June 2024 reporting period.

Council has elected not to apply any of these pronouncements in these financial statements before their operative dates.

Council's assessment of these new standards and interpretations (where they have been deemed as having a potentially material impact on Council's future financial performance, financial positon and cash flows) are set out below:

## AASB 2022-10 Amendments to Australian Accounting Standards – Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities

This Standard modifies AASB 13 Fair Value Measurement for application by not-for-profit public sector entities such as Council.

It includes authoritative implementation guidance when fair valuing non-financial assets, not held primarily for their ability to generate cash inflows and also provides guidance and clarification when valuing assets that are restricted (in their use) at Council.

This includes guidance and clarification regarding the determination of an assets highest and best use, the development and use of internal assumptions for unobservable inputs and allows for greater use of internal judgements when applying the cost approach in the measurement and determination of fair values.

Although Council is yet to fully determine the impact of this standard, the changes will be evaluated in the future assessment of all property and infrastructure assets measured at fair value.

The standard applies prospectively to annual periods beginning on or after 1 January 2024; i.e. Council's financial statements for the year ended 30 June 2025.

## Notes to the Financial Statements

for the year ended 30 June 2024

### A1-1 Basis of preparation (continued)

#### New accounting standards adopted during the year

During the year Council adopted the following accounting standards and interpretations (as issued by the Australian Accounting Standards Board) which were mandatorily effective for the first time at 30 June 2024:

## AASB 2021-2 Amendments to Australian Accounting Standards – Disclosure of Accounting Policies and Definition of Accounting Estimates

The most significant change introduced by this standard is to remove the requirement to disclose significant accounting policies and instead require disclosure of material accounting policy information.

"Accounting policy information is material if, when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements."

In applying the new requirements, Council has after taking into account the various specific facts and circumstances applied professional judgement to ensure it discloses only material accounting policies as opposed to significant accounting policies throughout these financial statements.

## Notes to the Financial Statements

for the year ended 30 June 2024

## B Financial Performance

## B1 Functions or activities

## B1-1 Income, expenses and assets - by function/activity

Income, expenses and assets have been directly attributed to the following functions or activities. Details of those functions or activities are provided in Note B1-2.

### Notes to the Financial Statements

for the year ended 30 June 2024

### B1-2 Components of functions or activities

#### Details relating to the Council's functions or activities as reported in B1-1 are as follows:

Council's principal activities align with the Strategic Directions contained within the Community Strategic Plan: *Sustainable Sydney 2030-2050 Continuing the Vision*. The descriptions below reflect the Strategic Directions broadly, and provide a summary of Council's operations and activities that contribute to the achievement of each.

#### Responsible governance and stewardship

Our organisation continues to evolve to provide governance and leadership for the city and communities. The process includes aligning corporate planning and organisational structure through effective governance procedures in support of all of Council's functions. Activities include: Customer Service, Governance, Risk Management, Media and Communications, Councillor Support and corporate services such as People and Culture, Finance, Information Services and Legal Services.

#### A leading environmental performer

Our communities live in a city that is regenerative and makes a positive contribution to the planet, to society and to individual lives. We are innovative leaders in climate change adaptation and innovation. The city is part of a decarbonised world. Activities include sustainability programs, cleansing, waste and recycling services, stormwater management and tree management.

#### Public places for all

The city has more places for people who live, work, invest and visit here. The history of the city and connections to Aboriginal and Torres Strait Islander peoples is evident in our public places. The city centre is an inviting and lively place, clean and safe, day and night, and with creativity and public art at its heart. Our local main streets are thriving hubs with their own distinctive characters. Activities include Parks management, Aquatic and Leisure Centres, sporting venues and facilities, and Public Domain Infrastructure.

#### Design excellence and sustainable development

The city will continue to grow sustainably and with good design. Communities are inclusive, socially connected, healthy, and live in walkable well-serviced neighbourhoods, supported by public transport. We take the impact of our changing climate into account in the policies that influence development in the city. Activities include City Design, Strategic Planning, Health and Building Services and Project Design and Construction.

#### A city for walking, cycling and public transport

The city is greener and calmer, with more space for people on the streets – including footpaths and cycleways. More people choose to walk, ride and use public transport. All vehicles in the city are zero emissions. Activities include Parking Management and Transport and Access Strategy.

#### An equitable and inclusive city

Everyone feels welcome and can afford to live here if they choose. Everyone can participate, prosper, and reach their full potential in a city that is fair and just. Activities include Grants and Sponsorships programs, Childcare services, Libraries, Meals on Wheels and Community Relations.

### Resilient and diverse communities

The city and its public places and infrastructure can withstand impacts from a changing climate and emergency situations. We work with communities, businesses, and other organisations to strengthen connections and networks, to prepare the city and be able to recover from most situations. Activities include Aged Care Services, Social Policy and Programs, Community Centres, Safe City, Security and City Rangers.

#### A thriving cultural and creative life

We are proud of the city and are all able to participate in, contribute to and benefit from the city's cultural life. Activities include Culture and Creativity programs, Cultural Venues and History and Curatorial

#### A transformed and innovative economy

The city maintains its position locally, nationally, and internationally as a destination for business, investment, and talent. Innovation is central to the economy and transformation has occurred across all industries. Wealth and benefits are shared equitably. Activities include Strategy and Urban Analytics, Major Events, Night Time Economy and Business and Tourism Engagement.

#### Housing for all

This is a city where everyone has a home. Social, affordable, and supported housing is available for those who need it. High-quality housing is available for everyone. Activities include Homelessness services and Housing Policy and Advocacy.

## Notes to the Financial Statements

for the year ended 30 June 2024

### B2 Sources of income

## B2-1 Rates and annual charges

| \$ '000  | 2024    | 2023    |
|--|---------|---------|
| Ordinary rates   |         |         |
| Residential  | 93,088  | 85,475  |
| Business   | 241,805 | 239,507 |
| Less: pensioner rebates (mandatory)                      | (428)   | (417)   |
| Less: pensioner rebates (Council policy)                 | (2,094) | (1,793) |
| Rates levied to ratepayers                               | 332,371 | 322,772 |
| Pensioner rate subsidies received                        | 231     | 227     |
| Total ordinary rates                                     | 332,602 | 322,999 |
| Annual charges (pursuant to s496, 496A, 496B, 501 & 611) |         |         |
| Domestic waste management services                       | 64,159  | 62,935  |
| Stormwater management services                           | 2,100   | 2,092   |
| Less: pensioner rebates (mandatory)                      | (248)   | (244)   |
| Less: pensioner rebates (Council policy)                 | (1,155) | (1,112) |
| Annual charges levied                                    | 64,856  | 63,671  |
| Pensioner annual charges subsidies received:             |         |         |
| - Domestic waste management                              | 134     | 133     |
| Total annual charges                                     | 64,990  | 63,804  |
| Total rates and annual charges                           | 397,592 | 386,803 |

Council has used 2022 year valuations provided by the NSW Valuer General in calculating its rates.

#### **Material accounting policy information**

Rates and annual charges are recognised as revenue when the Council obtains control over the assets comprising these receipts which is the beginning of the rating period to which they relate.

Prepaid rates are recognised as a financial liability until the beginning of the rating period.

Pensioner rebates relate to reductions in rates and certain annual charges for eligible pensioners' place of residence in the local government council area that are not subsidised by the NSW Government.

Pensioner rate subsidies are received from the NSW Government to provide a contribution towards the pensioner rebates and are in substance a rates payment.

## B2-2 User charges and fees

| \$ '000   | Timing | 2024   | 2023   |
|---|--------|--------|--------|
| Other user charges and fees                                       |        |        |        |
| (i) Fees and charges – statutory and regulatory functions (per se | 608)   |        |        |
| Planning and building regulation                                  | 2      | 21,074 | 18,477 |
| Private works – section 67  | 2      | 9,060  | 5,847  |
| Health inspections  | 2      | 2,295  | 1,654  |
| Total fees and charges – statutory/regulatory                     |        | 32,429 | 25,978 |

## Notes to the Financial Statements

for the year ended 30 June 2024

## B2-2 User charges and fees (continued)

| \$ '000   | Timing | 2024    | 2023    |
|---|--------|---------|---------|
| (ii) Fees and charges – other (incl. general user charges (per s608)) |        |         |         |
| Child care  | 1      | 1,140   | 1,172   |
| Advertising space income  | 1      | 20,096  | 31,078  |
| Parking meter income  | 2      | 41,926  | 38,904  |
| Parking station income  | 2      | 10,695  | 10,137  |
| Recreation facilities hire  | 2      | 24,854  | 21,232  |
| Venue hire  | 1      | 7,570   | 5,960   |
| Workzone and filming fees   | 2      | 15,956  | 14,605  |
| Other   | 2      | 8,486   | 6,490   |
| Total fees and charges – other  | _      | 130,723 | 129,578 |
| Total other user charges and fees                                     | _      | 163,152 | 155,556 |
| Total user charges and fees   | _      | 163,152 | 155,556 |
| Timing of revenue recognition for user charges and fees               |        |         |         |
| User charges and fees recognised over time (1)                        |        | 28,806  | 38,210  |
| User charges and fees recognised at a point in time (2)               |        | 134,346 | 117,346 |
| Total user charges and fees   | _      | 163,152 | 155,556 |

#### **Material accounting policy information**

Revenue arising from user charges and fees is recognised when or as the performance obligation is completed and the customer receives the benefit of the goods/services being provided.

The performance obligation relates to the specific services which are provided to the customers and generally the payment terms are within 30 days of the provision of the service. There is no material obligation for Council in relation to refunds or returns.

Licences granted by Council are all either short-term or low value and all revenue from licences is recognised at the time that the licence is granted rather than the term of the licence.

#### B2-3 Other revenue

| \$ '000   | Timing | 2024   | 2023   |
|---|--------|--------|--------|
| Award of heritage floor space                   | 2      | _      | 1,038  |
| Ex gratia rates                                 | 2      | 708    | 724    |
| Fines   | 2      | 40,209 | 34,206 |
| Sponsorship and donations                       | 2      | 154    | 178    |
| Other   | 2      | 844    | 908    |
| Total other revenue                             |        | 41,915 | 37,054 |
| Timing of revenue recognition for other revenue |        |        |        |
| Other revenue recognised over time (1)          |        | _      | _      |
| Other revenue recognised at a point in time (2) |        | 41,915 | 37,054 |
| Total other revenue                             |        | 41,915 | 37,054 |

#### **Accounting policy**

Where the revenue is earned for the provision of specified goods/services under an enforceable contract, revenue is recognised when or as the obligations are satisfied.

## Notes to the Financial Statements

for the year ended 30 June 2024

### B2-3 Other revenue (continued)

Statutory fees and fines are recognised as revenue when the service has been provided, the payment is received or when the penalty has been applied, whichever occurs first.

Other revenue is recorded when the payment is due, the value of the payment is notified, or the payment is received, whichever occurs first.

### B2-4 Grants and contributions

| \$ '000  | Timing | Operating<br>2024 | Operating<br>2023 | Capital<br>2024 | Capital<br>2023 |

<sup>(1)</sup> Council recognises revenue in respect of works in kind contributions where the agreed value of the works is secured via lodgement of a bank guarantee and/or cash security deposit. The delivery of these future works can extend over multiple accounting periods. Upon completion and acceptance of works by Council, the outstanding contribution debtor is cleared, and assets recognised as Infrastructure, Property Plant and Equipment. Works not secured via guarantee or deposit are recognised as revenue upon transfer to Council.

### Material accounting policy information

#### Grants and contributions - enforceable agreement with sufficiently specific performance obligations

Grant and contribution revenue from an enforceable agreement containing sufficiently specific performance obligations is recognised as or when control of each performance obligations is transferred.

The performance obligations vary according to the agreement but include provision of public events, planting of trees and delivery of training courses for members of the public. Payment terms vary depending on the terms of the grant, cash is received upfront for some grants and on the achievement of certain payment milestones for others.

Performance obligations may be satisfied either at a point in time or over time and this is reflected in the revenue recognition pattern. Point in time recognition occurs when the beneficiary obtains control of the goods / services at a single time (e.g. completion of the project when a report / outcome is provided), whereas over time recognition is where the control of the services is ongoing throughout the project (e.g. provision of community health services through the year).

## Notes to the Financial Statements

for the year ended 30 June 2024

### B2-4 Grants and contributions (continued)

Where control is transferred over time, generally the input methods being either costs or time incurred are deemed to be the most appropriate methods to reflect the transfer of benefit.

#### **Capital grants**

Capital grants received by Council under an enforceable contract for the acquisition or construction of infrastructure, property, plant and equipment to identified specifications which will be under Council's control on completion are recognised as revenue as and when the obligation to construct or purchase is completed.

For construction projects, this is generally as the construction progresses in accordance with costs incurred since this is deemed to be the most appropriate measure of the completeness of the construction project.

For acquisitions of assets, the revenue is recognised when the asset is acquired and controlled by the Council.

#### **Developer contributions**

Council has obligations to provide facilities from contribution revenues levied on developers under the provisions of sections 7.4, 7.11 and 7.12 of the *Environmental Planning and Assessment Act 1979* (EP&A Act), and section 61 of the *City of Sydney Act 1988*.

While Council generally incorporates these amounts as part of a Development Consents Order, such developer contributions are only recognised as income upon receipt by Council, due to the possibility that individual development consents may not be acted upon by the applicant and, accordingly, would not be payable to Council.

Developer contributions may only be expended for the purposes for which the contributions were required, but Council may apply contributions according to the priorities established in work schedules for the contribution plan.

#### Other grants and contributions

Assets, including cash, received from other grants and contributions are recognised at fair value when the asset is received. Council considers whether there are any related liability or equity items associated with the asset which are recognised in accordance with the relevant accounting standard.

Once the assets and liabilities have been recognised then income is recognised for any remaining asset value at the time that the asset is received.

#### B2-5 Interest and investment income

#### **Material accounting policy information**

Superannuation plans

Contributions to defined contribution plans are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

Council participates in a defined benefit plan under the Local Government Superannuation Scheme, however, sufficient information to account for the plan as a defined benefit is not available and therefore Council accounts for its obligations to defined benefit plans on the same basis as its obligations to defined contribution plans, i.e. as an expense when it becomes payable – refer to Note E3-1 for more information.

### Notes to the Financial Statements

for the year ended 30 June 2024

## B3-4 Depreciation, amortisation and impairment of non-financial assets (continued)

| Total depreciation, amortisation and impairment for |         |         |
|---|---------|---------|
| non-financial assets                                | 123,938 | 121,060 |

#### **Material accounting policy information**

#### **Depreciation and amortisation**

Depreciation and amortisation are calculated using the straight line method to allocate their cost, net of their residual values, over their estimated useful lives.

#### Impairment of non-financial assets

Council assets held at fair value that are not held primarily for their ability to generate net cash flow, and that are deemed to be specialised, are not tested for impairment since these assets are assessed on an annual basis to ensure that the carrying amount is not materially different from fair value and therefore an impairment loss would be captured during this assessment.

Intangible assets not yet available for use, are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

Other non-financial assets that do not meet the criteria above are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows that are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

Impairment losses for revalued assets are firstly offset against the amount in the revaluation surplus for the class of asset, with only the excess to be recognised in the Income Statement.

## Notes to the Financial Statements

for the year ended 30 June 2024

## B5 Performance against budget

### B5-1 Material budget variations

Council's original budget was adopted by the Council on 26 June 2023 and is not required to be audited. The original projections on which the budget was based have been affected by a number of factors. These include state and federal government decisions, including new grant programs, changing economic activity, environmental factors, and by decisions made by Council.

While these General Purpose Financial Statements include the original budget adopted by Council, the Act requires Council to review its financial budget on a quarterly basis, so it is able to manage the variation between actuals and budget that invariably occur during the year.

Material variations of more than 10% between original budget and actual results or where the variance is considered material by nature are explained below.

**Variation Key: F** = Favourable budget variation, **U** = Unfavourable budget variation.

|         | 2024   | 2024   | 2024     |
|---------|--------|--------|----------|
| \$ '000 | Budget | Actual | Variance |

#### Revenues

#### User charges and fees

136,129 163,152

27,023

nº/<sub>2</sub>

User Fees and Charges were favourable to budget due to recoverable public domain works costs undertaken by Council as part of the Sydney Metro project in Surry Hills, a significant property make good payment from a commercial tenant at the end of their lease and higher than anticipated income from a catering contract at the City's venues. In addition, aquatics facility management fees were included in the Materials and Services expenses as a single total netted off against income in the original budget. Actual results in the financial statements incorporate both gross income and expenditure, thereby significantly increasing the amounts shown for facility management fees as part of this category. These favourable variances were offset in part by building development related income where activity was lower than anticipated in the budget.

Other revenues 38,221 41,915 3,694 10% F

The favourable variance was due to higher volumes of infringements for parking and commercial waste issued in the CBD, than anticipated in the budget.

#### Interest and investment revenue

20,420

39,591

19,171

94% F

The favourable balance in interest and investment income was the result of higher opening cash balances and lower capital expenditure than anticipated in the budget, combined with the significant increase in interest rates offered in the second half of the financial year.

#### Capital grants and contributions

86,792

117,839

17,242

31,047

36%

Capital contributions were favourable to budget. The timing of these contributions is difficult to predict. Overall, development cash contributions were in line with the budget. Contributions toward development in the CBD, under the Central Sydney plans, were favourable to budget while outside the CBD contributions were slightly lower than anticipated. In addition, a number of substantial Works in Kind contributions and land dedications were received for developments in the CBD and also in the Green Square Urban renewal area. These contributions are recognised as revenue when the agreed value is secured via lodgement of a bank guarantee and/or cash security deposit. The timing of delivery or receipt of these contributions is contingent on development progress and difficult to forecast. The favourable overall variance was reduced by lower than anticipated contributions from the NSW Government towards CBD bike network related projects in line with slighly delays in a number of these projects.

#### Net gains from disposal of assets

-

17,242

00

Council does not budget for gains or losses on disposal of assets, due to their non-recurrent nature, uncertainty of timing and the inherent volatility of sale proceeds. Individual asset sales and disposals are approved with appropriate delegated authority, taking into consideration the carrying value of the asset/s and any proceeds. The net gain reflects the non-cash impact of the swap of land parcels with the NSW Government as part of the development of new park in Surry Hills. This was offset, in part, by the disposal of assets, prior to end of their depreciated lives, across a range of public domain, stormwater and land improvement projects.

Other income 81,050 100,738 19,688 24% F

## Notes to the Financial Statements

for the year ended 30 June 2024

### B5-1 Material budget variations (continued)

|         | 2024   | 2024   | 2024     |
|---------|--------|--------|----------|
| \$ '000 | Budget | Actual | Variance |

The favourable variance was a result of higher than anticipated Commercial Property income. This increase was due to better than anticipated QVB income, lessee retention, rent review adjustments and improved turnover rent for the Capitol Theatre. In addition, there were some provision reductions following detailed negotiation processes with property tenants required to cover debts associated with the impact of the Covid-19 pandemic. The earlier estimates were based on the Federal Government's Code of Conduct for commercial tenancies and New South Wales (NSW) government legislation. In addition, the annual external investment property revaluation of the City's investment properties resulted in a significant overall uplift, with the biggest increases relating to 343 George Street and the Woolstores properties.

#### **Expenses**

#### Materials and services 231,686 299,048 (67,362) (29)%

Council's adopted budget included waste collection expenses entirely within the Other Expenses category. Subsequent to the adoption of the budget, the waste collection portion of the budget was separated from the s88 Waste Levy paid to the NSW Government. This allowed the re-classification of the collection costs (\$18.1M) to Materials and Contracts with the balance (approx \$4.8M) retained in Other expenses - contributions/levies to other levels of Government. In addition, this expense category was impacted by project costs, associated with the delivery of the Clty's significant capital works program but not adding to the enduring benefit of the asset, being re-classified as operating expenses. This expenditure is often related to initial options reviews and/or the demolition of assets and was higher than anticipated in the budget. The expenditure was incurred against public domain, roadway and parks works and a number of Information Technology projects. Extra expenditure was also incurred due to increased roadway maintenance for Sydney Metro Upgrade in Surry Hills, accelerated delivery of minor maintenance jobs across the LGA, and new contracts with rate increases higher than assumed in the budget for street trees maintenance. Finally, as noted in the User Charges and Fees commentary above, the budget for aquatics facility management fees was included as a net total. For the purposes of the actual results shown in financial statements both gross income and expenditure have been included thereby significantly increasing the amount shown for facility management fees as part of this category. These increases were offset by savings across a wide range of activity including consultancies, IT related costs and the non utilisation of operational contingencies.

Other expenses 62,568 46,557 16,011 26% F

Council's adopted budget included approximately \$23.5M for waste collection within Other Expenses. Subsequent to the adoption of the budget, the waste collection portion of the budget was separated from the s88 Waste Levy paid to the NSW Government. This allowed the re-classification of the the collection costs to Materials and Contracts with the balance (approx \$4.8M) retained in Other expenses - contributions/levies to other levels of Government. Prior year comparatives have similarly been reclassified. The overall savings in this category were reduced by an increase in bad debt expenses largely attributed to the ongoing challenging economic environment following the COVID-19 pandemic. In particular, provisioning for commercial property tenants and health and building related outstanding debts was increased.

#### Statement of cash flows

#### Cash flows from operating activities 238,449 214,348 (24,101) (10)%

A number of income sources, including enforcement and commercial property income, proved more resilient than budgeted. Interest received was higher than anticipated as interest rates and the cash balances were higher than budgeted. In addition, aquatic receipts were netted off again facilities managment fees in the budget, in line with contractual arrangements, while gross revenue (and expenditure) has been shown in the actual results. These favourable inflows were more than offset by higher than anticipated expensing of capital costs where necessary works associated with the capital project did not delivery a City owned asset, additional infrastructure mainentance works and higher than budgeted labour costs.

#### Cash flows from investing activities (254,800) (209,191) 45,609 (18)% F

The performance against budget reflects lower than anticipated capital works and property acquisition expenditure. In particular, the budget anticipated a commercial property acquisition of approximately \$100M, however a suitable site (or sites) could not be located during the 2023/24 financial year. In terms of capital works, contract issues and approval delays slowed progress on a number of projects. Unspent budget for these projects has been revoted into future years. These elements reduced the anticipated cash outflows however they were offset, in part, by additional investment in term deposits and investment securiites. This increase can be observed in the amount of investments on hand at the end of the year.

## Notes to the Financial Statements

for the year ended 30 June 2024

## C Financial position

## C1 Assets we manage

## C1-1 Cash and cash equivalents

| \$ '000   | 2024   | 2023   |
|---|--------|--------|
| Cash assets                                       |        |        |
| Cash on hand and at bank                          | 65,725 | 3,301  |
| Cash equivalent assets                            | •      |        |
| <ul> <li>Deposits at call <sup>1</sup></li> </ul> | 10     | 57,570 |
| Total cash and cash equivalents                   | 65,735 | 60,871 |

<sup>(1)</sup> During 2023/24, the applicable interest rate for Council's General Fund was matched to the applicable Call Account rate. As a result, cash balances were substantially transferred to the General Fund ("at bank").

#### Reconciliation of cash and cash equivalents

#### Material accounting policy information

Financial instruments are recognised initially on the date that the Council becomes party to the contractual provisions of the instrument. On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

#### Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

#### Classification

On initial recognition, Council classifies its financial assets into the following categories - those measured at:

- amortised cost
- · fair value through profit and loss (FVTPL)
- fair value through other comprehensive income equity instrument (FVOCI-equity)

Financial assets are not reclassified subsequent to their initial recognition. Council has assessed the objective of its investment business model as holding financial assets in order to collect contractual cash flows, with those cash flows on contractual dates, comprising solely principal and/or interest. Accordingly, all investments for the reporting periods shown were held at amortised cost.

### Notes to the Financial Statements

for the year ended 30 June 2024

### C1-2 Financial investments (continued)

#### **Amortised cost**

Assets measured at amortised cost are financial assets where:

- · the business model is to hold assets to collect contractual cash flows, and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Council's financial assets measured at amortised cost comprise trade and other receivables, floating rate note investments, term deposits and cash and cash equivalents in the Statement of Financial Position.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

## C1-3 Restricted and allocated cash, cash equivalents and investments

| \$ '000                 |  | 2024                  | 2023     |
|-------------------------|--|-----------------------|----------|
| (a)                     | Externally restricted cash, cash equivalents and investments   |                       |          |
| Total                   | cash, cash equivalents and investments   | 766,335               | 730,421  |
|                         | cash equivalents and investments not subject to external ctions  | 677,209               | 639,576  |
| Less: E                 | Externally restricted cash, cash equivalents and investments   | (89,126)              | (90,845) |
| <b>Extern</b><br>Extern | nal restrictions nal restrictions – included in liabilities al restrictions included in cash, cash equivalents and investments above compi ic purpose unexpended grants – general fund | rise:<br><b>1,257</b> | 4,067    |

| Extern                  | nal restrictions – other   | 87,869                | 86,778   |
| Total                   | external restrictions  | 89,126                | 90,845   |

Cash, cash equivalents and investments subject to external restrictions are those which are only available for specific use by Council due to a restriction placed by legislation or third-party contractual agreement.

## Notes to the Financial Statements

for the year ended 30 June 2024

### C1-3 Restricted and allocated cash, cash equivalents and investments (continued)

| \$ '000   | 2024      | 2023      |
|---|-----------|-----------|
| (b) Internal allocations  |           |           |
| Cash, cash equivalents and investments not subject to external                            |           |           |
| restrictions  | 677,209   | 639,576   |
| Less: Internally allocated cash, cash equivalents and investments                         | (238,434) | (235,491) |
| Unrestricted and unallocated cash, cash equivalents and investments                       | 438,775   | 404,085   |
| Internal allocations At 30 June, Council has internally allocated funds to the following: |           |           |
| Supported accommodation, affordable and diverse housing fund                              | 9,163     | 9,163     |
| Employees leave entitlement   | 7,249     | 6,784     |
| Green infrastructure  | 7,357     | 8,230     |
| Green square reserve  | 86,325    | 86,325    |
| Heritage conservation fund  | 75,055    | 75,428    |
| Performance cash bonds and retentions   | 28,036    | 23,362    |
| Public liability insurance  | 572       | 404       |
| Renewable energy reserve  | 1,277     | 3,295     |
| Workers compensation  | 23,400    | 22,500    |
| Total internal allocations  | 238,434   | 235,491   |

Internal allocations of cash, cash equivalents and investments are those assets allocated to specific purposes by a resolution of the elected Council.

#### Policy on external restrictions and internal allocations of cash, cash equivalents and investments

Cash, cash equivalents and investments are restricted for prudent financial management purposes as follows:

**Developer Contributions** - 100% of cash Developer Contributions levied under Section 7.11, Section 7.12, Section 61, Bonus Floor Space scheme and Voluntary Planning Agreements (including the Developer Rights Scheme for Green Square Town Centre) received but not yet expended in accordance with the applicable deed or contributions plan.

**Contributions - Capital Works** - 100% of cash contributions provided to Council by third parties that are yet to be expended on the project/s for which they were provided.

Unexpended Grants - 100% of cash grants received not spent during the year are treated as restricted funds.

**Domestic Waste** - Any cash surplus from operations is held as a restricted asset to fund future capital expenditure or process improvements to the Domestic Waste collection business.

**Stormwater Management** - Funds received through the stormwater levy are set aside for various structural and non-structural programs used to reduce urban stormwater pollution. Unspent funds are held as restricted assets.

**Supported Accommodation, Affordable and Diverse Housing** - Income receipts dedicated by Council for the purposes of contributing towards the delivery of supported accommodation, affordable and/or diverse housing are set aside for future projects and initiatives as endorsed by Council.

**Commercial Properties** - Funds that are surplus to requirements, set aside to reinvest and continue the revenue stream from and maintain diversification of Council's large commercial and investment property portfolio.

**Community Facilities** - Cash set aside for the future acquisition or development of property to improve community spaces or replacement facilities that meet community needs at that time.

**Employee Leave Entitlements** - 10% of the employee leave entitlement provision is set aside to fund extraordinary movements of staff. Normal annual payments of leave entitlements are funded from operating income.

### Notes to the Financial Statements

for the year ended 30 June 2024

### C1-3 Restricted and allocated cash, cash equivalents and investments (continued)

**Green Infrastructure** - Monies set aside for implementing green infrastructure projects including co/trigeneration plants, water recycling and evacuated waste systems to deliver enhanced environmental benefits to the organisation and community.

**Green Square** - Monies set aside in anticipation of Green Square infrastructure not funded by developer contributions or grant funding.

**Heritage Conservation Fund** - Cash received through Alternative Heritage Floor Space Allocation Scheme, yet to be expended on heritage related projects in accordance with the council-adopted policy.

**Operational Facilities** - Cash set aside for the future acquisition or development of properties to supplement or replace buildings within the current building assets portfolio that provide infrastructure for the operation of Council's services.

Performance Bond Deposits - All security deposits are held as restricted funds.

Public Liability Insurance - Cash has been allocated for 100% of the provision.

**Public Roads** - In accordance with Section 43 (4) of the Roads Act (NSW) 1993, proceeds from the sale of (former) public road are set aside for the acquisition of land for public roads, and/or carrying out works on public roads.

**Renewable Energy** - Monies set aside to develop renewable energy for the organisation that can be derived from wind, solar or geo-thermal sources.

**Workers Compensation Insurance** - In accordance with actuarial advice, Council restricts funds for 100% of the provision, as advised by an external consulting actuary (in order to meet the requirements of the State Insurance Regulatory Authority, SIRA).

#### Material accounting policy information

Receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. Receivables are generally due for settlement within 30 days.

#### **Impairment**

Impairment of financial assets measured at amortised cost is recognised on an expected credit loss (ECL) basis.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition, and when estimating ECL, the Council considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on Council's historical experience and informed credit assessment, and including forward-looking information. Additional disclosure related to Council's ECL model is provided at Note E1-1.

When considering the ECL for rates debtors, Council takes into account that unpaid rates represent a charge against the rateable property that will be recovered when the property is next sold. For non-rates debtors, Council uses the presumption that an asset which is more than 30 days past due has seen a significant increase in credit risk.

The Council uses the presentation that a financial asset is in default when:

- the other party is unlikely to pay its credit obligations to the Council in full, without recourse by the Council to actions such as realising security (if any is held) or
- · the financial assets (for non-rates debtors) are more than 90 days past due.

Credit losses are measured as the present value of the difference between the cash flows due to the entity in accordance with the contract, and the cash flows expected to be received. This is applied using a probability weighted approach.

On initial recognition of the asset, an estimate of the expected credit losses for the next 12 months is recognised. Where the asset has experienced significant increase in credit risk then the lifetime losses are estimated and recognised.

Council uses the simplified approach for trade receivables where the expected lifetime credit losses are recognised on day one.

There has been no change in the estimation techniques or significant assumptions made during the current reporting period.

A debt write-off is only considered after all attempts and appropriate measures of collecting the debt have failed, and where at least one of the following conditions is satisfied: the debt cannot be proven; the debt is of a size that makes the use of external debt collection agency economically unviable; the debtor and/or their assets cannot be located; the debt is statute barred (the age of the claim is beyond legislatively stated time constraints); the debtor has been declared bankrupt (personal) or in liquidation (corporate) or the company is deregistered; or the debtor is deceased.

### Notes to the Financial Statements

for the year ended 30 June 2024

## C1-4 Receivables (continued)

The write off of a debt does not preclude any action being taken in the future to collect the outstanding amount, should the prevailing circumstances change. None of the receivables that have been written off are subject to further enforcement activity.

Where the Council renegotiates the terms of receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

Rates and annual charges outstanding are secured against the property.

#### C1-5 Inventories

<sup>(1)</sup> Renewals are defined as the replacement or reinstatement of existing assets (significant upgrades and acquisition of additional assets are shown under Additions new assets).

<sup>(2)</sup> WIP Transfers consists of completed capital construction projects transferred from Work in Progress into the fixed asset register. Completed projects transferred include: \$50.9M in capital renewal, \$34.8M in capital upgrade and \$49.2M in new infrastructure and facilities.

<sup>(3)</sup> See note C1-7

<sup>(4)</sup> Capital Work in Progress includes \$215M for capital construction projects, \$0.74M for Plant & Asset purchases.

## Notes to the Financial Statements

for the year ended 30 June 2024

# C1-8 Infrastructure, property, plant and equipment (continued)

<sup>(1)</sup> Renewals are defined as the replacement or reinstatement of existing assets (significant upgrades and acquisition of additional assets are shown under Additions new assets).

<sup>(2)</sup> WIP Transfers consists of completed capital construction projects transferred from Work in Progress into the fixed asset register. Completed projects transferred include: \$72.4M in capital renewal, \$54.3M in capital upgrade and \$43.6M in new infrastructure and facilities.

<sup>(3)</sup> Land held for sale at 30 June 2022 was not disposed during 2022/23 as anticipated, owing to delays in project milestones under the contract with the agreed purchaser. Ongoing uncertainty in respect of these contractual milestones has meant that the land has been transferred from Assets Held for Sale into Land - Operational at 30 June 2023. See Note C1-7.

<sup>(4)</sup> Capital Work in Progress includes \$196.5M for capital construction projects, \$0.4M for Plant & Asset purchases and \$1.2M for property acquisitions.

<sup>(5)</sup> Opening balance has been restated due to the correction of a prior period error.

## Notes to the Financial Statements

for the year ended 30 June 2024

## C1-8 Infrastructure, property, plant and equipment (continued)

#### Material accounting policy information

#### Initial recognition of infrastructure, property, plant and equipment (IPPE)

IPPE is measured initially at cost. Cost includes the fair value of the consideration given to acquire the asset (net of discounts and rebates) and any directly attributable cost of bringing the asset to working condition for its intended use (inclusive of import duties and taxes). When infrastructure, property, plant and equipment is acquired by Council at significantly below fair value, the assets are initially recognised at their fair value at acquisition date.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to Council and the cost of the item can be measured reliably. Repairs and maintenance are charged to the Income Statement during as they are incurred.

#### **Useful lives of IPPE**

Land is not depreciated. Depreciation on other assets is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives as follows:

| Buildings (by component type): Ye              | ars Infrastructure - Drainage Years             |
|--|---|
| Structure (Short Life) 32 to 2                 | 51 Pipes and culverts 100                       |
| Structure (Long Life) 38 to 4                  | Drainage pits and junctions 100                 |

| Street furniture/other infrastructure 20 to    | 50  |

Assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date.

### Notes to the Financial Statements

for the year ended 30 June 2024

## C1-8 Infrastructure, property, plant and equipment (continued)

#### **Revaluation model**

Infrastructure, property, plant and equipment are held at fair value. Independent comprehensive valuations are performed at least every five years, however the carrying amount of assets is assessed by Council at each reporting date to confirm that it is not materially different from current fair value.

Increases in the carrying amounts arising on revaluation are credited to the revaluation reserve. To the extent that the increase reverses a decrease previously recognising profit or loss relating to that asset class, the increase is first recognised as profit or loss. Decreases that reverse previous increases of assets in the same class are first charged against revaluation reserves directly in equity to the extent of the remaining reserve attributable to the class; all other decreases are charged to the Income Statement.

#### Land under roads

Land under roads is land under roadways and road reserves including land under footpaths, nature strips and median strips.

Council has elected not to recognise land under roads acquired before 1 July 2008 in accordance with AASB 1051 Land Under Roads. Land under roads acquired after 1 July 2008 is recognised in accordance with AASB 116 Property, Plant and Equipment.

#### Crown reserves and third party owned land

The Crown Land class includes assets that are owned by government and/or 3rd party entities, however Council retains both operational control of the assets and responsibility for the maintenance of improvements thereon. Council includes these land assets in the Statement of Financial Position, as well as the cost of any Council funded related improvements, on the basis of its financial rights and responsibilities in controlling and maintaining the assets. Maintenance costs incurred by Council and revenues relating to the reserves are recognised within Council's Income Statement.

Revocation of such control by the State Government is regarded as extremely unlikely given the history of Crown Reserves, and Council's history of operational care and control over the assets.

In the case of Crown Reserve lands, Reserve Trusts were created for administrative purposes under section 92 of the Crown Lands Act 1989 ("the Act") for a large proportion of these Crown Reserves. Prior to the enactment of the Act, Council was Reserve Trustee of these assets and upon enactment, section 5A of the Schedule 8 (Savings, transitional and other provisions) of the Act has appointed Council Reserve Trust Manager of the related Reserve Trusts created under section 92

#### **Material accounting policy information**

#### IT development and software

Amortisation is calculated on a straight line basis over periods generally ranging from three to five years.

#### Transferable rights - heritage floor space

The heritage floor space scheme provides an incentive for the conservation and ongoing maintenance of heritage items in central Sydney. The scheme provides for owners of eligible heritage listed buildings to be awarded heritage floor space after preparing a conservation management plan and completing agreed conservation works to their building. The awarded heritage floor space can then be sold to a site that requires it as part of an approved development application.

Within central Sydney, it is often a requirement of large scale developments to acquire heritage floor space in order to maximise development capacity on a site.

Following an award of heritage floor space on a Council-owned property, an asset will be recognised at the point the award is registered on Council's heritage floor space register. At recognition, heritage floor space awarded to Council is valued at fair value with reference to the *Heritage Floor Space Update*, published biannually by the Council's Strategic Planning and Urban Design unit (at December and June). Heritage Floor Space rights will subsequently be carried using the Cost approach (i.e. at recognition value). As transferable rights, the assets have an infinite useful life, but may be subject to fluctuations in market value.

## Notes to the Financial Statements

for the year ended 30 June 2024

## C2 Leasing activities

#### C2-1 Council as a lessee

#### **Buildings**

Council entered a lease for two floors of a larger commercial building, commencing 28 June 2019, for use as a public library. The initial lease term is 15 years, with escalation of CPI plus 0.5% annually.

#### **Extension options**

The lease contains five extension options of 15 years each, plus a further option of 9 years (i.e. total potential extensions of 84 years, following the initial 15 year term). Council has assessed the 15 year first extension option as reasonably certain, and included this option term in lease liability calculations. The further options are currently not considered to be reasonably certain, and have therefore been excluded from lease liability calculations (the present value of future lease payments at 30 June 2024, including all future extension options, is estimated at \$26.4M, excluding the impact of any future CPI increases).

## (a) Right of use assets

| \$ '000                       | Building | Total  |

## C2-1 Council as a lessee (continued)

#### **Maturity analysis**

The maturity analysis of lease liabilities based on contractual undiscounted cash flows is shown in the table below:

| \$ '000            | < 1 year | 1 – 5 years | > 5 years | Total  | Total per<br>Statement of<br>Financial<br>Position |
|--------------------|----------|-------------|-----------|--------|--|
| 2024<br>Cash flows | 530      | 2,147       | 11,403    | 14,080 | 11,072   |
| 2023<br>Cash flows | 508      | 2,059       | 11,512    | 14,079 | 10,972   |

## (c) Income Statement

The amounts recognised in the Income Statement relating to leases where Council is a lessee are shown below:

| \$ '000   | 2024  | 2023  |
|---|-------|-------|
| Interest on lease liabilities   | 216   | 213   |
| Depreciation of right of use assets   | 437   | 386   |
| Variable lease payments based on usage not included in the measurement of lease liabilities | 642   | 632   |
| Expenses relating to leases of low-value assets   | 58    | 79    |
| Expenses relating to short-term leases  | 343   | 48    |
|   | 1,696 | 1,358 |

## (d) Statement of Cash Flows

| Total cash outflow for leases | 509 | 472 |
|-------------------------------|-----|-----|
|                               | 509 | 472 |

## (e) Leases at significantly below market value – concessionary / peppercorn leases

Council has a number of leases at significantly below market for land and buildings which are used for:

- Bridges stratum
- · Business innovation space
- · Car park
- · Child care centre
- · Community room
- Creative studios
- · End-of-trip (bicycle) facilities
- Jetty/pontoon facilities
- Parks, open space and community facilities

The leases are generally between 10 and 99 years for nominal rent. The use of the right-to-use asset is restricted by the lessors to specified community services which Council must provide, these services are detailed in the leases. Council does not believe that any of the leases in place are individually material from a statement of financial position or performance perspective.

## Notes to the Financial Statements

for the year ended 30 June 2024

#### C2-1 Council as a lessee (continued)

#### Material accounting policy information

Council has elected not to separate non-lease components from lease components for any class of asset and has accounted for payments as a single component.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises: the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration, less any lease incentives. The right-of-use is depreciated over the lease term on a straight-line basis and assessed for impairment in accordance with the impairment of asset accounting policy.

#### Exceptions to lease accounting

Council has applied the exceptions to lease accounting for both short-term leases (i.e. leases with a term of less than or equal to 12 months) and leases of low-value assets. Council recognises the payments associated with these leases as an expense on a straight-line basis over the lease term.

#### Leases at significantly below market value / concessionary leases

Council has elected to measure the right of use asset arising from the concessionary leases at cost which is based on the associated lease liability at initial recognition. The affected leases are subject to nominal or nil rental expense, and accordingly the associated right of use assets are measured at a nominal or nil value.

#### C2-2 Council as a lessor

### **Operating leases**

Council leases a number of properties to both commercial tenants and community groups. Those property assets that are held by Council for the purposes of generating rental income and/or capital appreciation are classified as investment property in the statement of financial position. Other property assets generating lease income are held for a range of community and strategic purposes, and income generated through lease arrangements is considered incidental to these longer term strategic aims.

The amounts recognised in the Income Statement relating to operating leases where Council is a lessor are shown below:

| \$ '000 | 2024 | 2023 |
|---------|------|------|
|         |      |      |

#### (i) Assets held as investment property

Council classifies a number of properties as Investment Property under AASB 140, where the assets are primarily held for rental returns and/or capital appreciation over time.

The amounts recognised in the Income Statement relating to operating leases where Council is a lessor are shown below

| Lease income (excluding variable lease payments not dependent on an index or rate) | 23,471 | 20,369 |
|--|--------|--------|
| Total income relating to operating leases for investment property assets           | 23,471 | 20,369 |
| Operating lease expenses   |        |        |
| Direct operating expenses that generated rental income                             | 2,310  | 3,623  |
| Total expenses relating to operating leases of investment property                 | 2,310  | 3,623  |
| Repairs and maintenance: investment property                                       |        |        |
| Contractual obligations for future repairs and maintenance                         | 1,254  | 1,438  |
| Total repairs and maintenance: investment property                                 | 1,254  | 1,438  |

| Total contract liabilities relating to unrestricted/unallocated assets | 27,718  | _           | 17,685  | _           |
| Total contract liabilities   | 37,295  | 66,734      | 23,693  | 73,487      |

<sup>(</sup>i) The contract liability relates to grants received prior to the revenue recognition criteria in AASB 15 being satisfied since the performance obligations are ongoing.

<sup>(</sup>ii) The liability relates to funds received via the Alternative Heritage Floor Space Allocation Scheme and held in the Heritage Conservation Fund. Strict eligibility criteria for projects, detailed in the scheme, must be met before funds are eligible to be recognised as income. This recognition occurs in line with expenditure on eligible projects.

#### Material accounting policy information

#### Long-term employee benefit obligations

The liability for long-service leave and sick leave that is not expected to be wholly settled within 12 months after the end of the period in which the employees render the related service is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures, and periods of service. Expected future payments are discounted using market yields at the end of the reporting period on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

## Nature and purpose of provisions

#### Public liability and Workers Compensation - self-insurance

Self insurance provisions represent both (i) claims incurred but not reported and (ii) claims reported and estimated as a result of Council's being a self insurer up to certain levels of excess. Council has decided to self-insure for various risks, including public liability, workers compensation and professional indemnity. A provision for self-insurance has been made to

### Notes to the Financial Statements

for the year ended 30 June 2024

#### C3-5 Provisions (continued)

recognise outstanding claims. Council also maintains cash and investments to meet expected future claims; refer to Note C1-3.

#### Superannuation

Council records its assets and liabilities in respect of a Pooled Fund comprising closed NSW public sector superannuation schemes. Council's liability (or asset) position at 30 June is advised by the Fund's actuary. An additional disclosure under the Defined Benefit Plans is set out below.

#### **Provision for Rent Waivers**

Other provisions incorporate a provision for rental waivers related to Covid-19 impacts on commercial property tenancies. Council applied the *the National Code of Conduct for commercial tenancies*, which was in effect until March 2021, and subsequently extended similar rental relief provisions beyond that time. As waiver eligibility is confirmed, property debts are adjusted, or in cases where tenants do not meet the requirements for rental waivers, the provision will be (partially) reversed to income.

#### Other

Other provisions include additional rental related provisions, reflecting anticipated credit notes to be issued to tenants in a future accounting period, and minor amounts related to fee incomes and expenditure recoveries.

#### **Asset remediation**

Asset remediation, reinstatement and restoration provisions represent the present value estimate of future costs Council will incur in order to remove, restore and remediate assets and/or activities as a result of past operations.

#### **Defined Benefit Plans - additional disclosures**

#### A) Multi-Employer Pooled Fund

Council participates in an employer sponsored Defined Benefit Superannuation Scheme that is a multi-employer plan.

a) Funding arrangements, including the method used to determine the rate of contributions and any minimum funding requirements.

Pooled employers are required to pay standard employer contributions and additional lump sum contributions to the fund.

The standard employer contributions were determined using the new entrant rate method under which a contribution rate sufficient to fund the total benefits over the working life-time of a typical new entrant is calculated. The current standard employer contribution rates are:

Division B 1.9 times member contributions for non-180 Point Members; nil for 180 Point Members\*

Division C 2.5% salaries

Division D 1.64 times member contributions

\*For 180 Point Members, Employers are required to contribute 8.5% of salaries for the year ended 30 June 2024 (increasing to 9.0% in line with the increase in the Superannuation Guarantee) to these members' accumulation accounts, which are paid in addition to members' defined benefits.

The additional lump sum contribution for each Pooled Employer is a share of the total past service contributions of \$20.0 million per annum from 1 January 2022 to 31 December 2024, apportioned according to each employer's share of the accrued liabilities as at 30 June 2023. These lump sum contributions are used to maintain the adequacy of the funding position for the accrued liabilities.

The adequacy of contributions is assessed at each triennial actuarial investigation, the next of which is due effective 30 June 2024, and monitored annually between triennials.

b) Extent to which Council may be liable to the plan for other entities' obligations under the terms and conditions of the multiemployer plan.

As stated above, each sponsoring employer is exposed to the actuarial risks associated with current and former employees of other sponsoring employers and hence shares in the associated gains and losses.

## Notes to the Financial Statements

for the year ended 30 June 2024

#### C3-5 Provisions (continued)

However, there is no relief under the Fund's trust deed for employers to walk away from their defined benefit obligations. Under limited circumstances, an employer may withdraw from the plan when there are no active members, on full payment of outstanding additional contributions. There is no provision for allocation of any surplus which may be present at the date of withdrawal of the entity.

- c) Description of any agreed allocation of a deficit or surplus on:
  - (i) wind-up of the plan

There are no specific provisions under the Fund's trust deed dealing with deficits or surplus on wind-up.

(ii) entity's withdrawal from the plan

There is no provision for allocation of any surplus which may be present at the date of withdrawal of an employer.

- (d) Further information relating to Council accounting for the pooled employer fund as a defined contribution plan:
  - (i) the fact that the plan is a defined benefit plan. Council confirms that the plan is a defined benefit plan.
  - (ii) why sufficient information is not available to enable Council to account for the plan as a defined benefit plan.
    - (1) Assets are not segregated within the sub-group according to the employees of each sponsoring employer;
    - (2) The contribution rates have been the same for all sponsoring employers and have not varied for each employer according to the experience relating to the employees of that employer. That is, contribution rates have not varied for each sponsoring employer according to the experience relating to the employees of that sponsoring employer;
    - (3) Benefits for employees of all sponsoring employers are determined according to the same formulae and without regard to the sponsoring employer; and
    - (4) The same actuarial assumptions are currently used in respect of the employees of each sponsoring employer.

Given the factors set out above, each sponsoring employer is exposed to the actuarial risks associated with current and former employees of other sponsoring employers and hence shares in the associated gains and losses (to the extent that they are not borne by the members). As such there is insufficient reliable information to allow each sponsoring employer to account for its proportionate share of the defined benefit obligation, subgroup assets and costs associated with the sub-group in the same way as it would be for a single employer sponsored defined benefit plan. Paragraph 34 of AASB 119 therefore applies, with the disclosures herein reflecting the requirements of paragraph 148 of AASB 119.

(iii) the expected contribution to the plan for the next annual reporting period

The expected contributions by Council to the Fund for the next annual reporting period are \$1.144M.

(iv) information about any deficit or surplus in the plan that may affect the amount of future contributions, including the basis used to determine that deficit or surplus and the implications, if any, for the entity.

The estimated employer reserves financial position for the Pooled Employers at 30 June 2024 is:

| Defined Benefit reserves only (excluding other accumulation amounts in both assets and liabilities) | \$M     | Asset Coverage |
|---|---------|----------------|
| Assets  | 2,237.5 |                |
| Past Service Liabilities  | 2,141.9 | 104.5%         |
| Vested Benefits   | 2,159.8 | 103.6%         |

The key economic long-term assumptions used to calculate the present value of accrued benefits are:

| Investment return                             | 6.0% p.a.                                |
|---|--|
| Salary inflation (plus promotional increases) | 3.5% p.a.                                |
| Increase in CPI                               | 3.5% for FY 2023/24 2.5% p.a. thereafter |

The contribution requirements may vary from the current rates if the overall sub-group experience is not in line with the actuarial assumptions in determining the funding program; however, any adjustment to the funding program would be the same for all sponsoring employers in the Pooled Employers group. Please note that the estmated employer

### Notes to the Financial Statements

for the year ended 30 June 2024

## C3-5 Provisions (continued)

reserves financial position above is a preliminary calculation, and once all relevant information have been received by the Fund's Actuary, the final end of year review will be completed by December 2024.

(v) an indication of the level of Council's participation in the plan compared with other participating entities. Council's participation in the Scheme compared with other entities is about 5.13%, based on the Council's current level of annual past service contributions of \$1.626M against total contributions of \$20.0M. The last valuation of the Fund was performed by Mr Richard Boyfield, FIAA as at 30 June 2023.

#### B) Defined Benefit Pooled Fund

Council participates in a Pooled Fund comprising closed NSW public sector superannuation schemes.

Nature of the benefits provided by the fund:

The Pooled Fund holds in trust the investments of the closed NSW public sector superannuation schemes:

- State Authorities Superannuation Scheme (SASS)
- · State Superannuation Scheme (SSS)
- State Authorities Non-contributory Superannuation Scheme (SANCS)

The schemes are all defined benefit schemes with a component of the final benefit being derived from a multiple of member salary and years of membership. Members receive lump sum or pension benefits on retirement, death, disablement or withdrawal. All the Schemes are closed to new members. Council records its net assets/liabilities in respect of this Pooled Fund in accordance with the requirements of AASB 119 Employee Entitlements (refer to Note C3-5 - Provisions - Superannuation) as the funds assets/liabilities are not material in relation to Council's total assets and liabilities.

#### Material accounting policy information

Provisions are recognised when Council has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the reporting date. The discount rate used to determine the present value reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

# Notes to the Financial Statements

for the year ended 30 June 2024

### C4 Reserves

## C4-1 Nature and purpose of reserves

#### **IPPE** Revaluation reserve

The infrastructure, property, plant and equipment (IPPE) revaluation reserve is used to record increments and decrements in the revaluation of Council-owned infrastructure, property, plant and equipment.

#### Trust assets reserves

The Trust Assets Reserve represents the total fair value of trust land assets (such as Crown Reserve Trusts and land parcels owned by third parties) that have come under the management control of Council at no acquisition cost and which have subsequently been revalued to fair value. These assets are owned by external entities (including State and Federal Governments) and are effectively controlled by the City as custodians or Reserve Trust manager.

## Notes to the Financial Statements

for the year ended 30 June 2024

## D Council structure

# D1 Financial result and financial position by fund

Council utilises only a general fund for its operations.

## D2 Interests in other entities

Council has no interest in any controlled entities, joint arrangements or associates.

# D3 Discontinued operations

Council has not classified any of its operations as 'discontinued'.

## Notes to the Financial Statements

for the year ended 30 June 2024

# E Risks and accounting uncertainties

### E1-1 Risks relating to financial instruments held

Council's activities expose it to a variety of financial risks including (1) price risk, (2) credit risk, (3) liquidity risk and (4) interest rate risk.

The Council's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Council. Financial risk management is carried out by Council's Chief Finance Office under policies approved by the Council. Council does not engage in material transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

A comparison by category of the carrying amounts and fair values of Council's financial assets and financial liabilities recognised in the financial statements is presented below.

|   | Carrying value | Carrying value | Fair value | Fair value |
|---|----------------|----------------|------------|------------|
| \$ '000   | 2024           | 2023           | 2024       | 2023       |
| Financial assets                                      |                |                |            |            |
| Measured at amortised cost                            |                |                |            |            |
| Cash and cash equivalents                             | 65,735         | 60,871         | 65,735     | 60,871     |
| Receivables   | 78,431         | 90,078         | 78,431     | 90,078     |
| Investments   |                |                |            |            |
| <ul> <li>Debt securities at amortised cost</li> </ul> | 700,600        | 669,550        | 702,288    | 669,554    |
| Contract assets                                       | 16,736         | 20,146         | 16,736     | 20,146     |
| Total financial assets                                | 861,502        | 840,645        | 863,190    | 840,649    |
| Financial liabilities                                 |                |                |            |            |
| Payables  | 118,506        | 107,649        | 118,506    | 107,649    |
| Lease liabilities                                     | 11,072         | 10,972         | 11,072     | 10,972     |
| Total financial liabilities                           | 129,578        | 118,621        | 129,578    | 118,621    |
|   |                |                |            |            |

Fair value is determined as follows:

- Cash and cash equivalents, receivables, payables, lease liabiliities carrying value is estimated to approximate
  fair value.
- **Investments measured at amortised cost** are based upon estimated future cash flows discounted by the current market interest rates applicable to assets and liabilities with similar risk profiles, unless quoted market prices are available.

Council's objective is to maximise its return on cash and investments whilst maintaining an adequate level of liquidity and preserving capital. Council's Chief Finance Office manages the cash and investments portfolio.

Council has an investment policy which complies with the Local Government Act 1993 section 625 and Minister's investment order. This policy is regularly reviewed by Council and its staff and a monthly Investment report is provided to Council setting out the make-up and performance of the portfolio as required by Local Government regulations.

The risks associated with the instruments held are:

- Price risk the risk that the capital value of Investments may fluctuate due to changes in market prices, whether
  there changes are caused by factors specific to individual financial instruments or their issuers or are caused by factors
  affecting similar instruments traded in a market.
- Interest rate risk the risk that movements in interest rates could affect returns and income.
- · Liquidity risk the risk that Council will not be able to pay its debts as and when they fall due.

## Notes to the Financial Statements

for the year ended 30 June 2024

## E1-1 Risks relating to financial instruments held (continued)

• Credit risk – the risk that the investment counterparty will not complete their obligations particular to a financial instrument, resulting in a financial loss to Council – be it of a capital or income nature.

Council manages these risks (amongst other measures) by diversifying its portfolio and only purchasing investments with high credit ratings or capital guarantees. Council also seeks advice from independent advisers from time to time, when considering certain investment opportunities.

### (a) Market risk – interest rate and price risk

| \$ '000 | 2024 | 2023 |
|---------|------|------|

The impact on result for the year and equity of a reasonably possible movement in the price of investments held and interest rates is shown below. The reasonably possible movements were determined based on historical movements and economic conditions in place at the reporting date.

Impact of a 1% movement in interest rates

Equity / Income Statement
 Impact of a 10% movement in price of investments

**7,641** 7,271

#### (b) Credit risk

Council's major receivables comprise (i) rates and annual charges and (ii) user charges and fees, rental debtors and future works in kind contributions receivable.

The main risk associated with these receivables is credit risk – the risk that debts due and payable to Council may not be repaid in full.

Council manages the credit risk associated with these receivables by monitoring outstanding debt and employing stringent debt recovery procedures.

The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings. There are no significant concentrations of credit risk, other than Council has significant credit risk exposures in its local area given the nature of the business.

The maximum exposure to credit risk at the reporting date is the carrying amount of each class of receivable in the financial statements.

Council makes suitable provision for expected credit losses as required and carries out credit checks on most non-rate debtors.

There are no material receivables that have been subjected to a re-negotiation of repayment terms.

<sup>-</sup> Equity / Income Statement 1

<sup>(1)</sup> For the financial years shown, all investments were held at amortised cost, based on Council's investing business model. Accordingly, fluctuations in market value are not expected to have any impact on Net Surplus or Equity; all investments are due to mature at their face value.

## Notes to the Financial Statements

for the year ended 30 June 2024

## E1-1 Risks relating to financial instruments held (continued)

#### Credit risk profile

#### Receivables - rates and annual charges

Credit risk on rates and annual charges is minimised by the ability of Council to secure a charge over the land relating to the debts – that is, the land can be sold to recover the debt. Council is also able to charge interest on overdue rates and annual charges at higher than market rates which further encourages the payment of debt.

|                       | Not yet OV |           |           |       |
|-----------------------|------------|-----------|-----------|-------|
| \$ '000               | overdue    | < 5 years | ≥ 5 years | Total |
| 2024                  |            |           |           |       |
| Gross carrying amount | -          | 8,586     | 100       | 8,686 |
| 2023                  |            |           |           |       |
| Gross carrying amount | _          | 7,518     | 98        | 7,616 |

#### Receivables - non-rates and annual charges and contract assets

Council applies the simplified approach for non-rates and annual charges debtors to provide for expected credit losses prescribed by AASB 9, which permits the use of the lifetime expected loss provision. To measure the expected credit losses, non-rates and annual charges debtors have been grouped based on shared credit risk characteristics and the days past due. For the assessment of expected credit losses at 30 June 2024, consideration was given to the ongoing impact of the Covid-19 pandemic on default rates.

The loss allowance provision as at 30 June 2024 is determined as follows. The expected credit losses incorporate forward-looking information.

|                        | Not yet | Not yet Overdue debts |              |              |           |         |
|------------------------|---------|-----------------------|--------------|--------------|-----------|---------|
| \$ '000                | overdue | 0 - 30 days           | 31 - 60 days | 61 - 90 days | > 91 days | Total   |
| 2024                   |         |                       |              |              |           |         |
| Gross carrying amount  | 65,361  | 13,178                | 39           | 1,450        | 13,282    | 93,310  |
| Expected loss rate (%) | 0.00%   | 2.29%                 | 6.80%        | 31.68%       | 45.66%    | 7.32%   |
| ECL provision          |         | 302                   | 3            | 459          | 6,065     | 6,829   |
| 2023                   |         |                       |              |              |           |         |
| Gross carrying amount  | 92,252  | 3,802                 | 100          | 517          | 10,671    | 107,342 |
| Expected loss rate (%) | 0.00%   | 1.44%                 | 2.62%        | 21.83%       | 39.21%    | 4.06%   |
| ECL provision          | _       | 55                    | 3            | 113          | 4,184     | 4,355   |

### (c) Liquidity risk

Payables and borrowings are both subject to liquidity risk – the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due.

Council manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer.

Payment terms can (in extenuating circumstances) also be extended and overdraft facilities utilised as required.

The timing of cash flows presented in the table below to settle financial liabilities reflects the earliest contractual settlement dates. The timing of expected outflows is not expected to be materially different from contracted cashflows.

The amounts disclosed in the table are the undiscounted contracted cash flows and therefore the balances in the table may not equal the balances in the statement of financial position due to the effect of discounting. Refer to C2-1(b) for lease liabilities.

## Notes to the Financial Statements

for the year ended 30 June 2024

#### E2-1 Fair value measurement

The Council measures the following asset and liability classes at fair value on a recurring basis:

- · Infrastructure, property, plant and equipment
- · Investment property

For the comparative period shown, Counci measured the following assets at fair value on a non-recurring basis:

· Non-current assets classified as 'held for sale

Those assets classified as held for sale represent expected sales of property where a financial offer has been accepted and/or settlement is expected within the next 12 months. The assets were transferred from the Operational Land class, having been most recently revalued on a basis consistent with those classes.

The fair value of assets and liabilities must be estimated in accordance with various accounting standards for either recognition and measurement requirements or for disclosure purposes.

AASB 13 Fair Value Measurement requires all assets and liabilities measured at fair value to be assigned to a 'level' in the fair value hierarchy as follows:

**Level 1:** Unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Details of the asset and liability classes measured and recognised by Council at fair value are shown on the following pages.

#### Recurring fair value measurements

### Transfers between level 1 and level 2 fair value hierarchies

No transfers occurred between level 1 and level 2 fair value hierarchies during the year.

## Valuation techniques

Where Council is unable to derive fair valuations using quoted market prices of identical assets (ie. level 1 inputs) Council instead utilises a spread of both observable inputs (level 2 inputs) and unobservable inputs (level 3 inputs).

The fair valuation techniques Council has employed while utilising level 2 and level 3 inputs are as follows:

## Notes to the Financial Statements

for the year ended 30 June 2024

#### E2-1 Fair value measurement (continued)

#### **Investment properties**

Fair value of investment properties is estimated based on appraisals performed by an independent and professionally qualified property valuer. The valuer applied the Market or Income approach, as appropriate, in valuing the properties.

The **Market approach** was used for residential and commercial properties where the relevant inputs were able to be observed from current market evidence. The residential properties' fair value was derived from sales prices of comparable properties after adjusting for differences in key attributes such as property size.

The value of commercial investment buildings is dependent upon the cash flows generated from those buildings. Accordingly, these were valued using the **Income approach**. Key inputs to valuation included market rental yields and estimates of future demand. Both were based on an analysis of current market rental data but did require the exercise of professional judgement by the valuers.

The commercial buildings have been generally derived using a combination of sales direct comparison approach and capitalisation of income approach. Fair value has been derived from sales prices of comparable properties after adjusting for differences in key attributes such as property size and taking into account current rental yields, vacancy rates and price per square metre.

#### Infrastructure, property, plant and equipment (IPPE)

#### Plant & Equipment, Office Equipment, Furniture & Fittings, Library Resources

The Cost Approach is used for these asset classes, based on depreciated original cost representing fair value. The assets are primarily for operational purposes and are not of a nature where valuation increments are likely. Gross value is adjusted by depreciation representing the wear and tear of the assets based on the estimated useful life of the asset. The valuation process is conducted by Council staff.

#### **Buildings (Specialised and Non-Specialised)**

Comprehensive valuations of all building assets were undertaken by an external, qualified valuer (APV Valuers and Asset Management in 2020/21). In accordance with the brief provided to APV, valuations are compliant with AASB 13 - Fair Value. Depending upon the unique circumstances of the building asset and other structure, each has been valued using a range of approaches:

- Market approach: applied where there is a principal market which provides observable evidence of the Fair Value of the asset.
- Income approach: utilised for assets where the income generating capability of the asset provides the best estimate
  of the assets' Fair Value.
- Cost approach: used for assets which are not income-generating and/or for which comparable sales evidence does not exist. These assets, largely within Specialised Buildings, have a particular use for delivery of services (e.g. grandstands, amenities blocks).

The valuations are based on a range of inputs. Some inputs may be gathered at a high level prior to application of inputs at the Asset or Component Level. Inputs to the valuation supported by observable evidence obtained via inspection and market evidence have been classified as Level 2 inputs. These include sales data, market and current rental income data, design and construction costs, average cost of construction, condition and consumption scores for each component as well as the dates of acquisition and decommissioning.

The unobservable inputs (such the relationship between condition and the assessed level of remaining service potential of the depreciable amount required extensive professional judgement and impacted significantly on the final determination of fair value. As such these assets were classified as having been valued using level 3 valuation inputs. Since the previous comprehensive revaluation, annual interim valuation adjustments have been made, to reflect indicative movements in market value and replacement cost. These interim adjustments are based on indicative market value movements in Council's Investment Properties (see above), and Australian Bureau of Statistics (ABS) Producer Price Index 6427017-3020 - Non-residential Building construction New South Wales.

## Notes to the Financial Statements

for the year ended 30 June 2024

## E2-1 Fair value measurement (continued)

#### **Operational Land**

Fair value of this asset class is estimated based on appraisals performed by an independent and professionally qualified property valuer (APV) in 2020/21. Land valuations take into consideration the characteristics of the land, such as size, zoning, topography, configuration etc. Depending upon the unique circumstances of each lot, land has been valued using one of the following approaches:

- Direct comparison to sales approach: The most widely used approach. Recent sales of similar properties are utilised as indicative of value, with site-specific characteristics allowed for.
- Value to an Adjoining Owner approach: in limited cases where there is no open market for a parcel, it may hold commercial value to an adjoining land owner. Value is considered to be the difference between the value of the adjacent land parcel with and without the subject parcel being included.
- Nominal Value approach: sites with limited or no commercial utility (standalone or to adjacent owner) were valued at a nominal cost of acquisition (\$1,000).

The Value to an Adjoining Owner and Nominal Value approaches each incorporate unobservable inputs, however the majority of valuations for the class reflect Level 2 (observable) inputs. Since the previous comprehensive revaluation, annual interim valuation adjustments have been made, to reflect indicative movements in NSW Valuer General valuations within the Local Government Area.

#### Community Land (Council-owned)

Fair value of this asset class is estimated based on appraisals performed by an independent and professionally qualified property valuer (Australian Pacific Valuers, APV) in 2020/21. Land valuations take into consideration the characteristics of the land, such as size, zoning, topography, configuration etc. Land parcels were valued by APV in a manner consistent with Operational Land (as described above). Based on the unique circumstances of each lot, one of the following approaches was applied:

- · Direct comparison to sales approach
- Hypothetical Development approach
- Value to an Adjoining Owner approach
- · Nominal Value approach

The Hypothetical Development, Value to an Adjoining Owner and Nominal Value approaches all incorporate unobservable inputs. A significant unobservable input is a discount (25% reduction) applied to the land values provided by APV, in recognition of the 'restrictions' associated with community land, in particular the lack of ability to sell the land or put it to an alternative purpose. Since the previous comprehensive revaluation, annual interim valuation adjustments have been made, to reflect indicative movements in NSW Valuer General valuations within the Local Government Area.

#### Crown and Third party owned Land (Council-controlled)

Consistent with the Office of Local Government Code of Accounting Practice and Financial Reporting, Crown Reserves under Council's care and control are recognised as assets of the Council. Fair value of this asset class is estimated based on appraisals performed by an independent and professionally qualified property valuer (APV) in 2020/21, with a further adjustment made to 'discount' these valuations (50% reduction) in order to reflect implicit restrictions associated with the land type (specifically, Council's lack of ownership interest and ability to sell the land or put it to an alternative purpose). This discount is an unobservable input, applied to the observable inputs used by the external valuer (consistent with the Operational and Community Land classes). Since the previous comprehensive revaluation, annual interim valuation adjustments have been made, to reflect indicative movements in NSW Valuer General valuations within the Local Government Area.

#### Land Under Roads (post 30/06/2008)

Council utilises the 'englobo' valuation methodology for Land Under Roads, as allowable under the Office of Local Government Code of Accounting Practice and Financial Reporting. The approach utilises the average land valuation rate from the NSW Valuer-General for the Local Government Area, and applies a 90% 'discount' to reflect the restrictions' inherent to land under roads (in particular, the difficulty associated with sale or transfer). Following the comprehensive revaluation of Land Under Roads in 2022/23, an annual interim valuation adjustment was made in 2023/24, to reflect indicative movements in NSW Valuer General valuations within the Local Government Area.

## Notes to the Financial Statements

for the year ended 30 June 2024

## E2-1 Fair value measurement (continued)

#### Infrastructure - Roads, Bridges, Footpaths, Stormwater Drainage, Signs, Poles & Lights

Fair value of these asset classes is determined on the current replacement cost (CRC) approach, being the amount that would be required to replace the current service capacity of an asset. CRC is determined with reference to current third party asset works contracts and the assessed remaining service potential of the assets. Signs and Poles & Lights were revalued in 2020/21, using updated unit rates, and available condition assessment data. The remaining infrastructure asset classes were revalued in 2021/22. Key data inputs informing valuation calculations – asset quantities, materials and conditions – were compiled by Council staff utilising external consultant reports where available.

Since the previous comprehensive revaluation, annual interim valuation adjustments have been made, to reflect indicative movements in CRC. In prior years, interim adjustments were based on annual uplift % applied to major construction service contracts. Pending the commencement of a new major Civil Works contract in 2024/25, no uplift was was applied to unit rates within the expiring current contract in 2023/24. Accordingly, ABS indices 6427017-3101 Road and bridge construction New South Wales (Roads Bridges, Footpaths) and 6427017-3109 Other heavy and civil engineering construction Australia (Stormwater Drainage) were utilised as a basis for interim revaluation adjustments in 2023/24. The Signs and Poles & Lights asset classes were not subject to an interim valuation adjustment, pending the outcome of ongoing asset and condition data collection.

#### **Open Space & Recreational Assets**

Fair value of these asset classes is determined on the current replacement cost approach substantially based on replacement costs determined with reference to current third party asset replacement contracts. These standard unit rates are a significant unobservable input and reflect an estimate determined by internal staff. An additional estimate relates to the assessed condition of assets, which is used to determine the expected remaining useful life (and accordingly the accumulated depreciation) of assets. Gross replacement cost less accumulated depreciation is considered to reflect fair value. The Open Space asset class was comprehensively revalued on this basis at 30 June 2021. Since the previous comprehensive revaluation, annual interim valuation adjustments have been made, to reflect annual % movements in contractual unit rates for asset construction.

#### Trees

Fair value of these asset classes is determined on the current replacement cost approach based on replacement costs determined with reference to current third party asset replacement contracts. This incorporates the supply cost, cost of associated base/planting works and establishment costs associated with the initial period after planting. Valuations are undertaken by Council staff. The Trees asset class was comprehensively revalued on this basis at 30 June 2022. Since the previous comprehensive revaluation, annual interim revaluation adjustments have reflected annual % movements in contractual unit rates. Uplift in 2023/24 reflected the commencement of new major tree services contracts, incorporating new unit rates for tree installation and replacement.

#### **Heritage Collections and City Art**

Fair value of these asset classes are estimated based on appraisals performed by independent and professionally qualified valuers. These assets are considered to be 'specialised' in nature, and accordingly depreciated replacement cost is utilised as the methodology to determine fair value, consistent with previous revaluations. Replacement cost estimates incorporate unobservable inputs, being an estimated amount that one would expect to pay for the same or similar item in a retail setting from a reputable merchant, or the cost to rebuild/replace with an equivalent asset at the date of valuation. Both asset classes were comprehensively revalued at 30 June 2021. Due to the specialised nature of these assets and their relatively long lives, fair value is not considered to have changed materially from the valuations obtained at the previous comprehensive revaluation.

#### Non-current assets classified as 'held for sale'

The assets classified as 'held for sale' at 30 June 2024 comprised only Operational Land, based on divestment status at balance date. Valuation techniques for Operational Land are consistent with those described above.

## Notes to the Financial Statements

for the year ended 30 June 2024

## E2-1 Fair value measurement (continued)

### Highest and best use

The following non-financial assets of Council are being utilised in a manner that does not generate commercial revenue:

#### **Community based assets**

Council undertakes a number of services with the intention of providing community benefits to residents, workers and visitors. These services are based meeting essential community needs and are not of a nature that would be provided in a commercially competitive environment.

Land under the asset class includes Crown land (and other third-party owned land) under Council's care and control as well as Council-owned land that has been classified as community land under the provisions of the Local Government Act 1993. Furthermore, Council has a number of buildings that are applied in delivering community services. The restrictions on the land and the community use of the buildings in delivering community based services is considered to be the 'highest and best use' of those assets to Councils.

#### **Land Under Roads**

Land holdings under the Land Under Roads asset class comprise parcels of land acquired by (or dedicated to) Council after 30 June 2008. The englobo methodology applied to valuations is intended to reflect the inherent restriction on land that is used for the purpose of roads. The continued use of this land for the purposes of road, footpath, cycleway and stormwater drainage (as applicable) is considered to be 'highest and best use'.

### Notes to the Financial Statements

for the year ended 30 June 2024

#### E3-1 Contingencies

#### ASSETS/LIABILITIES NOT RECOGNISED

#### 1. Potential benefits to Council/Potential claims from contractual disputes

At balance date, Council is not involved in any legal matters expected to result in either material financial benefit or material financial loss.

#### 2. Self insurance - Workers Compensation

Council has decided, on the basis of proper risk management practices, to carry its own insurance in regard to worker's compensation. A provision for self insurance has been made to recognise outstanding claims, based on actuarial recommendation, the amount of which is detailed in Note C3-5.

As a self-insurer, Council is required to lodge a bank guarantee with the State Insurance Regulatory Authority (SIRA). At 30 June 2024, a bank guarantee for \$23.8M was held by the SIRA.

All other insurance risks, including workers compensation claims above \$600,000 for those received prior to 31 March 2022 and above \$1,000,000 for those received after that date, are covered by external companies. Note that a new insurance cover was contracted from 1 April 2022. The higher excess is reflective of recent market changes.

#### 3. Infringement Notices/Fines

Fines & Penalty Income, resulting from Council issuing Infringement Notices, is followed up and collected by the State Debt Recovery Office. Council's Revenue Recognition policy for such income is to account for it as revenue when the penalty is applied to the extent of expected recovery rates (determined in accordance with past experience).

Accordingly, at year end, there is a potential asset due to Council representing issued but unpaid Infringement Notices that are in excess of the accrued revenue recognised in the accounts.

Due to the limited information available on the status and duration of outstanding Notices, Council is unable to reliably determine the full value of outstanding income.

#### 4. Proposed Land Transfers between NSW Government Authorities and Council

Council has previously agreed to proceed with a transfer of public assets from NSW State Government Agencies. Certain parcels of land have transferred to Council by agreement with the relevant NSW State Government agencies in recent financial years, reflected as non-cash contributions income as applicable. The completion of the remaining transfers of assets is subject to the fulfilment of specific conditions. The value of these assets cannot be quantified at this time, as they are subject to assessment of age and condition at the time of transfer.

#### 5. Superannuation - Defined Benefits Schemes

Council makes employer contributions to the defined benefits categories of the Scheme at rates determined by the Scheme's Trustee. Employees also make member contributions to the Fund. As such, assets accumulate in the Fund to meet the member's benefit, as defined in the Trust Deed, as they accrue.

Council has an ongoing obligation to share in the future rights and liabilities of the Scheme. Favourable or unfavourable variations may arise should the financial requirements of the Scheme differ from the assumptions made by the Scheme's actuary in estimating the accrued benefits liability. Further disclosure relating to defined benefits schemes is shown at Note C3-5.

#### 6. Developer Contributions Plans and Planning Agreements

Council levies infrastructure contributions upon various development across the Council area through the requisite Contributions Plans (Section 7.11, 7.12 and 61) and through Voluntary Planning Agreements (VPAs; Section 7.4).

As part of these Plans and VPAs, Council has received funds which are required to be expended only for the purposes for which they were levied (per the respective plans and VPAs). These Plans also indicate proposed future expenditure to be undertaken by Council, which will be funded by making levies and receipting funds in future years or, where a shortfall exists, by the use of Council's General Funds.

## Notes to the Financial Statements

for the year ended 30 June 2024

### E3-1 Contingencies (continued)

These future expenditures do not yet qualify as liabilities as at Reporting Date, but represent Council's intention to spend funds in the manner and timing set out in those Plans.

Planning Agreements may also make provision for the future delivery of public benefits to Council, and/or dedication as community assets. The delivery of these assets remains contingent upon the developers actioning consent and they are not raised as receivable assets until all contingencies expire.

#### 7. Heritage Floor Space - Council Properties

Changes to the Sydney Development Control Plan (2012) made by Council may result in the award of Heritage Floor Space (HFS) to Council, subject to:

- a) Council, in its capacity as property owner, making application for the award of HFS on an eligible building
- b) That application being assessed by Council, in its capacity as statutory authority, as meeting the relevant criteria to allow award of HFS

During 2022/23 financial year, additional HFS awarded in respect of Council-owned property was registered, as reflected in *Note B2-3 - Other Revenue* and *Note C1-10 - Intangible Assets* comparative year totals. Further awards on Council-owned properties are possible in future periods, subject to the assessment of any applications submitted.

At the time of recognition, valuation of any HFS awarded to Council relies upon on available market evidence of recent sales by holders of HFS to developers.

#### 8. Alternative Heritage Floor Space Allocation Scheme

Under Council's Alternative Heritage Floor Space Allocation Scheme, developers provide a bank guarantee (or security deposit) for an agreed sum, to enable projects to proceed where the requisite Heritage Floor Space (HFS) allocation has yet to be secured. Should the heritage floor space allocation not be secured by the developer at a specific date, the guarantee will be claimed by Council, or a monetary payment made to Council for the equivalent value. Once received, these funds are held as restricted assets, pending subsequent utilisation.

At balance date, performance bonds were held by Council for five development sites (totalling \$12.2M). A partial or full claim on the guarantees may be made at a future date, should the respective developers fail to secure the required HFS. Where the required HFS is secured, the guarantee/s will be returned and no monetary payment by the developer/s will be required. To date, the City has received payment for eighteen developments where HFS was not secured within the requisite timeframe (\$79.2M received to date). Amounts received via the Alternative Heritage Floor Space Allocation Scheme are held as restricted cash in the Heritage Conservation Fund (refer Note C1-3). A corresponding liability amount, reflecting unearned revenue, is held until suitable projects are identified to utilise the Heritage Conservation Fund in the delivery of heritage renewal projects within Central Sydney. \$0.4M of eligible project expenditure was undertaken in 2023/24 financial year, resulting in a Heritage Conservation Fund balance of \$75.1M as at 30 June 2024. A further \$8.3M of eligible restoration project expenditure is budgeted in 2024/25, with additional projects identified over the life of Council's Long Term Financial Plan that will utilise the balance of the Heritage Conservation Fund over the next 10 years.

## Notes to the Financial Statements

for the year ended 30 June 2024

# F People and relationships

## F1 Related party disclosures

### F1-1 Key management personnel (KMP)

Key management personnel (KMP) of the council are those persons having the authority and responsibility for planning, directing and controlling the activities of the council, directly or indirectly.

The aggregate amount of KMP compensation included in the Income Statement is:

| \$ '000                  | 2024  | 2023  |
|--------------------------|-------|-------|
| Compensation:            |       |       |
| •                        |       | 0.010 |
| Short-term benefits      | 3,345 | 3,310 |
| Post-employment benefits | 481   | 447   |
| Total                    | 3,826 | 3,757 |

The compensation amounts above relate to non-Councillor Key Management Personnel. Annual expenses related to Lord Mayoral and Councillor fees are shown at Note F1-2 below.

## Other transactions with KMP and their related parties

Council has determined that transactions at arm's length between KMP and Council as part of Council delivering a public service objective (e.g. payment of rates, access to library or Council swimming pool by KMP) will not be disclosed.

## F1-2 Councillor and Mayoral fees and associated expenses

| \$ '000  | 2024 | 2023 |
|--|------|------|
| The aggregate amount of Councillor and Mayoral fees and associated expenses included in materials and services expenses in the Income Statement are: |      |      |
| Councillor expenses – Mayoral fee  | 238  | 232  |
| Councillors' fees  | 434  | 425  |
| Other Councillors' expenses (including Mayor)  | 247  | 227  |
| Total  | 919  | 884  |

<sup>&</sup>lt;sup>1</sup> Section 7.11 of the *Environmental Planning and Assessment Act 1979*. City of Sydney operates one section 7.11 contributions plan (the *City of Sydney Development Contributions Plan 2015*). Under this plan, Council levies contributions towards provision or improvement of amenities or services infrastructure associated with development. It is possible that the funds contributed may be less than the cost of this infrastructure, requiring Council to borrow or use general revenue to fund the difference.

<sup>&</sup>lt;sup>2</sup> Section 7.4 of the Environmental Planning and Assessment Act 1979.

<sup>&</sup>lt;sup>3</sup> Section 7.12 of the Environmental Planning and Assessment Act 1979. City of Sydney operates one section 7.12 plan (Central Sydney Development Contributions Plan 2020).

<sup>&</sup>lt;sup>4</sup> Section 61 of the City of Sydney Act 1988. Residual contributions are received for the Central Sydney Development Contributions Plan 2013 - this plan was superseded by the section 7.12 plan.

<sup>&</sup>lt;sup>5</sup> Negative amounts shown for Contributions Received reflect bank guarantees for receivable contributions being drawn down and converted to monetary contributions during the year.

<sup>&</sup>lt;sup>6</sup> Restricted assets comprise unspent cash contributions and works-in-kind/cash contributions receivable that have been secured by bank guarantee/security deposit.

### Notes to the Financial Statements

for the year ended 30 June 2024

### G5 Statement of developer contributions

### G5-2 Voluntary Planning Agreements

Planning agreements (also commonly referred to as VPAs) are voluntary agreements entered into by Council and a developer to deliver public benefits. These may include the dedication of land to Council, monetary contributions, public infrastructure, community facilities, affordable housing, other material public benefit/s or any combination of these. VPA documents detail the purpose for which monetary contributions are to be utilised. Council monitors receipts and expenditure by purpose, and any funds yet to be expended on nominated works are held as restricted assets.

### Summary of VPA monetary contribution expenditure

| \$ '000  | 2024     | 2023   |
|--|----------|--------|
| Monetary contributions expended during year – by purpose   |          |        |
| Business innovation space - fitout works   | 5,600    | 1,700  |
| New greenway and public park works, Rosebery   | 2,192    | 1,800  |
| New roads, stormwater drainage and facilities in the Green Square Town Centre and Urban Renewal area | 1,350    | 3,789  |
| Public Domain Enhancement in Bridge/Loftus St  | 1,000    | 100    |
| Broadway Gateways  | 170      | -      |
| Harbour Walk Public Art Program  | 50       | -      |
| Public Domain Enhancement in vicintiy of Ralph St Alexandria   | 14       | -      |
| Rosebery area works  | -        | 361    |
| Total expenditure - VPA monetary contributions   | 10,376   | 7,750  |
| Summary of Unspent VPA monetary contributions  |          |        |
| \$ '000  | 2024     | 2023   |
| Unspent Monetary Contributions (held as restricted cash) – by purpose (as described in the VPA):     |          |        |
| City North public domain masterplan (including public domain in Bridge/Loftus St vicinity)           | 14,530   | 14,838 |
| Business innovation space (George St) - fitout works and future operating costs                      | 7,912    | 13,135 |
| Upgrade of Intersection - Epsom and Link Roads Zetland   | 7,485    | -      |
| Chippendale community facility(s)  | 4,237    | 4,035  |
| CBD Laneways (Dalley & Underwood) and surrounding public domain                                      | 3,457    | 3,292  |
| Public domain works - Sydney University to Redfern Station   | 2,939    | 2,799  |
| Macquarie Place upgrade  | 1,471    | 1,401  |
| New roads infrastructure in the Ashmore precinct, Erskineville                                       | 1,291    | 1,229  |
| Harbour Walk public art program  | 1,269    | 1,259  |
| New roads, stormwater drainage and facilities in the Green Square Town Centre and Urban Renewal area | 1,264    | 1,614  |
| Stormwater works - Rushcutters Bay catchment   | 534      | 508    |
| Community infrastructure   | 280      | 267    |
| New greenway and public park works - Rosebery  | -        | 2,192  |

<sup>(4)</sup> Refer to Notes C2-1 and C3-1 to C3-5.

### Notes to the Financial Statements

for the year ended 30 June 2024

#### Н Additional Council disclosures (unaudited)

### Statement of performance measures – consolidated results (graphs)

### 1. Operating performance ratio

### Purpose of operating performance ratio

This ratio measures Council's achievement of containing operating expenditure within operating revenue, calculated in accordance with OLG Code of Accounting Practice and Financial Reporting guidance.

### Commentary on 2023/24 result

2023/24 ratio 0.45%

Ratio result slightly above benchmark. Impacted in 2023/24 due to a significant lift in project costs, associated with the delivery of the City's capital works program but not adding to the enduring benefit of the asset, being classified as operating costs. Projects included large scale public domain works in the CBD and works associated with the delivery of the Green Square Urban Renewal area. If the ratio is adjusted for the large 'one off' capital project related costs the ratio is comfortably above the benchmark

Benchmark: -

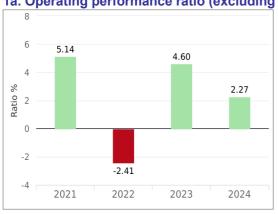

> 0.00%

Source of benchmark: Code of Accounting Practice and Financial Reporting

Ratio achieves benchmark

Ratio is outside benchmark

### 1a. Operating performance ratio (excluding non-recurrent income and expense items)

### Purpose of 1a. operating performance ratio (excluding non-recurrent income

This ratio measures Council's achievement of containing operating expenditure within operating revenue, adjusted for material non-recurrent items of income and expenditure in order to reflect underlying operating performance.

### Commentary on 2023/24 result

2023/24 ratio 2.27%

Ratio result comfortably exceeded benchmark levels. The alternative ratio result differs from the default Operating Performance ratio for 2023/24 (see ratio 1 above), with operating expense adjustments for a one-off land tax cost and one-off expenses arising from capital construction projects. Above-benchmark performance reflects an improved operating result in 2023/24, driven by a continued improvement in operating and interest income and contained expenditure increases.

Ratio achieves benchmark

Ratio is outside benchmark

Source of benchmark:

Benchmark: -

### 2. Own source operating revenue ratio

> 0.00%

### Purpose of own source operating revenue ratio

This ratio measures fiscal flexibility. It is the degree of reliance on external funding sources such as operating grants and contributions

### Commentary on 2023/24 result

2023/24 ratio 84.47%

Results reflect a continued high level of own source revenue and perform well above the benchmark. Underlying operating revenues remain largely consistent with (or higher) . However, a decrease in capital income received via developer contributions for 2023/24 relative to 2022/23 meant that 'Own Source' revenue increased as a proportion of Continuing Operating Revenue, compared with the prior year

for the year ended 30 June 2024

### H1-1 Statement of performance measures – consolidated results (graphs) (continued)

### 3. Unrestricted current ratio

Benchmark: -

> 1.50x

### Purpose of unrestricted current ratio

To assess the adequacy of working capital and its ability to satisfy obligations in the short term for the unrestricted activities of Council.

### Commentary on 2023/24 result

2023/24 ratio 4.92x

Council significantly exceeds the ratio benchmark, indicating that short term financial obligations can be met comfortably as they fall due, after excluding externally restricted assets. The anticipated sale of a number of Council operating land and building assets in the next 12 months has resulted in the movement of a significant amount from non current assets to current assets This has further improved the result for 2023/24 relative to prior years.

Ratio achieves benchmark

Ratio is outside benchmark

Source of benchmark: Code of Accounting Practice and Financial Reporting

### 3a. Unrestricted current ratio (less internal and external restrictions)

> 1.50x

### Purpose of 3a. unrestricted current ratio (less internal and external restrictions)

To assess the adequacy of working capital and its ability to satisfy obligations in the short term for the unrestricted activities of Council, taking into consideration amounts restricted internally by Council.

### Commentary on 2023/24 result

2023/24 ratio 4.77x

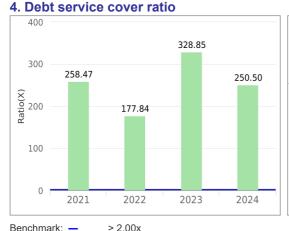

Incorporating an additional layer of restrictions as endorsed by Council the ratio result indicates that Council is comfortably able to meet its short term financial obligations as they fall due after excluding all external and internal restrictions are excluded. Performance trends substantially reflect ratio 3 above.

Ratio achieves benchmark

Ratio is outside benchmark

Benchmark: -

Source of benchmark:

### Purpose of debt service cover ratio

This ratio measures the availability of operating cash to service debt including interest, principal and lease payments

### Commentary on 2023/24 result

2023/24 ratio 250.50x

Council has remained debt-free for more than 20 years. The ratio result since 2019/20 reflects the implicit interest recognised in relation to a property lease, recognised in accordance with accounting standard AASB 16. The substantially above-benchmark result reflects the immaterial scale of this notional interest expense.

Ratio achieves benchmark

Ratio is outside benchmark

for the year ended 30 June 2024

### H1-1 Statement of performance measures – consolidated results (graphs) (continued)

### 5. Rates and annual charges outstanding percentage

# Purpose of rates and annual charges outstanding percentage

To assess the impact of uncollected rates and annual charges on Council's liquidity and the adequacy of recovery efforts.

### Commentary on 2023/24 result

2023/24 ratio 2.23%

The ratio remains well below the maximum OLG benchmark of 5% for metropolitan councils. Despite the lingering financial pressures associated with the Covid-19 pandemic affecting the capacity of some ratepayers to meet instalment payments, Council has maintained outstanding rates and annual charges balances at a level favourable to benchmark.

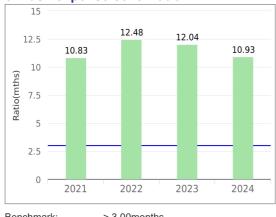

Benchmark: - < 5.00%

Source of benchmark: Code of Accounting Practice and Financial Reporting

Ratio achieves benchmark

Ratio is outside benchmark

### 6. Cash expense cover ratio

### Purpose of cash expense cover ratio

This liquidity ratio indicates the number of months a Council can continue paying for its immediate expenses without additional cash inflow.

### Commentary on 2023/24 result

#### 2023/24 ratio 10.93 months

Council's conservative approach to financial investments, focusing on shorter term investing and limited Floating Rate Note (FRN) investments being offered to the market has resulted in a greater proportion of Council's investments being held in term deposits, which improves this ratio result. Investment holdings largely stabilised in 2023/24 however monthly expenditure increased by approximately 14% moderating the result of this ratio. This expenditure was reflected in higher operational and capital works expenditure in 2023/24.

Benchmark: - > 3.00months

### INDEPENDENT AUDITOR'S REPORT

# Report on the general purpose financial statements Council of the City of Sydney

To the Councillors of Council of the City of Sydney

### **Opinion**

I have audited the accompanying financial statements of Council of the City of Sydney (the Council), which comprise the Statement by Councillors and Management, the Income Statement and Statement of Comprehensive Income for the year ended 30 June 2024, the Statement of Financial Position as at 30 June 2024, the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information.

### In my opinion:

- the Council's accounting records have been kept in accordance with the requirements of the Local Government Act 1993, Chapter 13, Part 3, Division 2 (the Division)
- the financial statements:
  - have been prepared, in all material respects, in accordance with the requirements of this Division
  - are consistent with the Council's accounting records
  - present fairly, in all material respects, the financial position of the Council as at
     30 June 2024, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards
- all information relevant to the conduct of the audit has been obtained
- no material deficiencies in the accounting records or financial statements have come to light during the audit.

My opinion should be read in conjunction with the rest of this report.

### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I have fulfilled my other ethical responsibilities in accordance with APES 110.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

#### Other Information

The Council's annual report for the year ended 30 June 2024 includes other information in addition to the financial statements and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the special purpose financial statements, Special Schedules, Understanding Council's Financial Statements and Additional Council disclosures (unaudited).

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the special purpose financial statements and Special Schedule - Permissible income for general rates.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

### The Councillors' Responsibilities for the Financial Statements

The Councillors are responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards and the *Local Government Act 1993* and for such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

### Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: <a href="https://www.auasb.gov.au/auditors">www.auasb.gov.au/auditors</a> responsibilities/ar4.pdf. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- on the Original Budget information included in the Income Statement, Statement of Cash Flows, and Note B5-1 'Material budget variations
- on the Special Schedules. A separate opinion has been provided on Special Schedule - Permissible income for general rates
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

Karen Taylor

Clover Moore Lord Mayor Council of the City of Sydney Town Hall House Level 2, 456 Kent Street SYDNEY NSW 2000

Contact: Karen Taylor
Phone no: 02 9275 7311

Our ref: R008-2124742775-6554

29 October 2024

Dear Lord Mayor

# Report on the Conduct of the Audit for the year ended 30 June 2024 Council of the City of Sydney

I have audited the general purpose financial statements (GPFS) of the Council of the City of Sydney (the Council) for the year ended 30 June 2024 as required by section 415 of the *Local Government Act 1993* (the Act).

I expressed an unmodified opinion on the Council's GPFS.

This Report on the Conduct of the Audit (the Report) for the Council for the year ended 30 June 2024 is issued in accordance with section 417 of the Act. This Report should be read in conjunction with my audit opinion on the GPFS issued under section 417(2) of the Act.

### **INCOME STATEMENT**

### **Operating result**

|  | 2024  | 2023  | Variance |
|--|-------|-------|----------|
|  | \$m   | \$m   | %        |
| Rates and annual charges revenue                             | 397.6 | 386.8 | 2.8      |
| Grants and contributions revenue                             | 134.3 | 171.9 | 21.8     |
| Operating result from continuing operations                  | 147.9 | 183.2 | 19.3     |
| Net operating result before capital grants and contributions | 30.1  | 34.7  | 13.2     |

Rates and annual charges revenue (\$397.6 million) increased by \$10.8 million (2.8 per cent) in 2023–24 due to rate increase of 3.8 per cent.

Grants and contributions revenue (\$134.3 million) decreased by \$37.5 million (21.8 per cent) in 2023–24 due to:

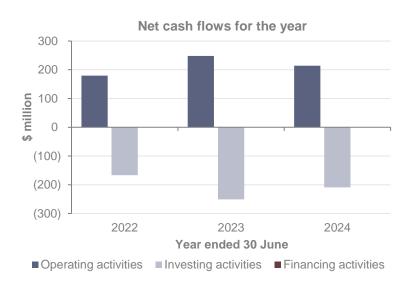

- decrease of \$56.9 million of developer contributions recognised during the year
- increase of \$34.0 million of land dedications
- decrease of \$8.9 million of grants recognised received for other roads and bridges funding
- receiving 85 per cent of the financial assistance grants for 2024–25 in advance (almost 100 per cent in 2022–23).

Council's operating result from continuing operations (\$147.9 million including depreciation, amortisation and impairment expense of \$123.9 million) was \$35.3 million lower than the 2022–23 result. This was mainly driven by less grants and contributions revenue.

The net operating result before capital grants and contributions (\$30.1 million) was \$4.6 million lower than the 2022–23 result.

### STATEMENT OF CASH FLOWS

Cash balances increase by \$4.9 million. Net cash flows from operating activities decreased due to lower grants and contributions. Net cash flows from investing cash flows reduced as last year included acquisition of an investment property.

### FINANCIAL POSITION

### **Cash and investments**

| Cash and investments   | 2024  | 2023  | Commentary  |
|--|-------|-------|---|
|  | \$m   | \$m   |   |
| Total cash, cash equivalents and investments                     | 766.3 | 730.4 | Externally restricted balances comprise mainly of developer contributions and domestic waste  |
| Restricted and allocated cash, cash equivalents and investments: |       |       | management.  Balances are deemed internal allocations due to Council policy or decisions for forward plans including capital works program. |
| <ul> <li>external restrictions</li> </ul>                        | 89.1  | 90.8  | capital works program.  |
| <ul> <li>internal allocations</li> </ul>                         | 238.4 | 235.5 |   |

### **PERFORMANCE**

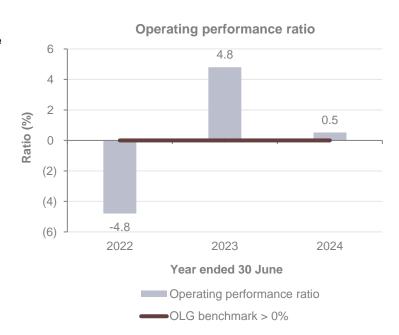

### **Performance measures**

The following section provides an overview of the Council's performance against the performance measures and performance benchmarks set by the Office of Local Government (OLG) within the Department of Planning, Housing and Infrastructure.

### Operating performance ratio

Council met the benchmark for the current financial year. Pressure on the ratio due to increased operating costs to deliver capital works program coupled with decrease in operating grants and contributions.

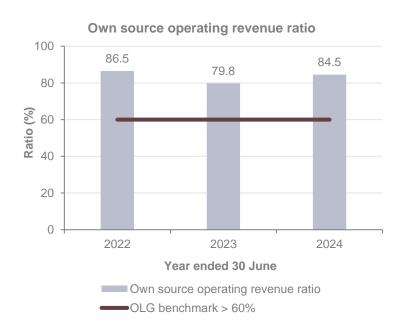

The 'operating performance ratio' measures how well council contained operating expenditure within operating revenue (excluding capital grants and contributions, fair value adjustments, and reversal of revaluation decrements). The benchmark set by OLG is greater than zero per cent.

### Own source operating revenue ratio

Council continued to exceed the benchmark for the current financial year.

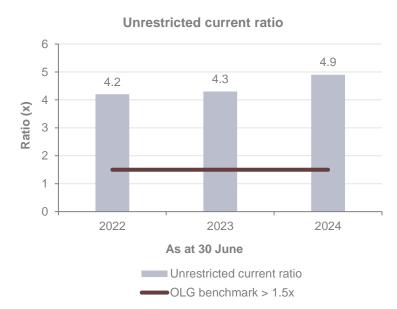

The 'own source operating revenue ratio' measures council's fiscal flexibility and the degree to which it relies on external funding sources such as operating grants and contributions. The benchmark set by OLG is greater than 60 per cent.

### **Unrestricted current ratio**

Council continued to exceed the benchmark for the current financial year.

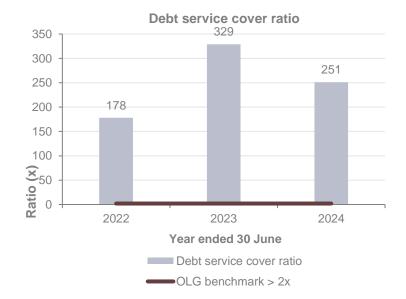

The 'unrestricted current ratio' is specific to local government and represents council's ability to meet its short-term obligations as they fall due. The benchmark set by OLG is greater than 1.5 times.

### **Debt service cover ratio**

Council continued to exceed the benchmark for the current financial year, reflecting nil borrowings.

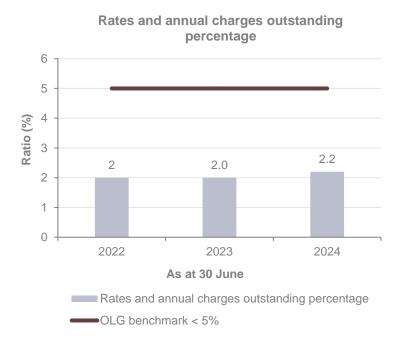

The 'debt service cover ratio' measures the operating cash to service debt including interest, principal and lease payments. The benchmark set by OLG is greater than two times.

### Rates and annual charges outstanding percentage

Council continued to meet the benchmark for the current financial year.

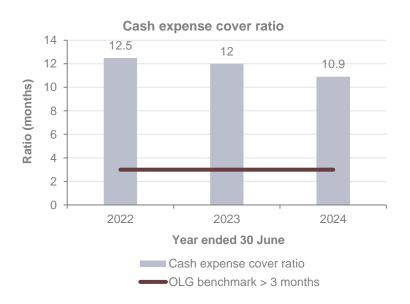

The 'rates and annual charges outstanding percentage' assesses the impact of uncollected rates and annual charges on council's liquidity and the adequacy of debt recovery efforts. The benchmark set by OLG is less than 5 per cent for metropolitan councils.

### Cash expense cover ratio

Council continued to exceed the benchmark for the current financial year.

This liquidity ratio indicates the number of months the council can continue paying for its immediate expenses without additional cash inflow. The benchmark set by OLG is greater than three months.

### Infrastructure, property, plant and equipment renewals

Council renewed \$86.0 million of infrastructure, property, plant and equipment during the 2023–24 financial year (\$68.1 million in 2022–23). This was mainly spent on roads, open space/recreational assets and buildings. A further \$160.8 million of new assets were acquired (\$99.0 million in 2022–23).

### **OTHER MATTERS**

### Legislative compliance

My audit procedures did not identify any instances of material non-compliance with the financial reporting requirements in Chapter 13, Part 3, Division 2 of the LG Act and the associated regulation or a material deficiency in the Council's accounting records or financial statements. The Council's:

- accounting records were maintained in a manner and form to allow the GPFS to be prepared and effectively audited
- staff provided all accounting records and information relevant to the audit.

| Note – Material accounting policy information            | 6    |
| Auditor's Report on Special Purpose Financial Statements | 8    |

### **Background**

- i. These Special Purpose Financial Statements have been prepared for the use by both Council and the Office of Local Government in fulfilling their requirements under National Competition Policy.
- ii. The principle of competitive neutrality is based on the concept of a 'level playing field' between persons/entities competing in a market place, particularly between private and public sector competitors.
  - Essentially, the principle is that government businesses, whether Commonwealth, state or local, should operate without net competitive advantages over other businesses as a result of their public ownership.
- iii. For Council, the principle of competitive neutrality and public reporting applies only to declared business activities.
  - These include (a) those activities classified by the Australian Bureau of Statistics as business activities being water supply, sewerage services, abattoirs, gas production and reticulation, and (b) those activities with a turnover of more than \$2 million that Council has formally declared as a business activity (defined as Category 1 activities).
- iv. In preparing these financial statements for Council's self-classified Category 1 businesses and ABS-defined activities, councils must (a) adopt a corporatisation model and (b) apply full cost attribution including tax-equivalent regime payments and debt guarantee fees (where the business benefits from Council's borrowing position by comparison with commercial rates).

### Special Purpose Financial Statements

for the year ended 30 June 2024

Statement by Councillors and Management made pursuant to the Local Government Code of Accounting Practice and Financial Reporting

### The attached Special Purpose Financial Statements have been prepared in accordance with:

- · the NSW Government Policy Statement 'Application of National Competition Policy to Local Government',
- the Division of Local Government Guidelines 'Pricing and Costing for Council Businesses A Guide to Competitive Neutrality',
- the Local Government Code of Accounting Practice and Financial Reporting,

### To the best of our knowledge and belief, these statements:

- · present fairly the operating result and financial position for each of Council's declared business activities for the year, and
- · accord with Council's accounting and other records.

We are not aware of any matter that would render these statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 28 October 2024.

### Material accounting policy information

for the year ended 30 June 2024

### Note – Material accounting policy information

A statement summarising the supplemental accounting policies adopted in the preparation of the special purpose financial statements (SPFS) for National Competition Policy (NCP) reporting purposes follows.

These financial statements are SPFS prepared for use by Council and the Office of Local Government. For the purposes of these statements, the Council is a non-reporting not-for-profit entity.

The figures presented in these special purpose financial statements have been prepared in accordance with the recognition and measurement criteria of relevant Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board (AASB) and Australian Accounting Interpretations.

The disclosures in these special purpose financial statements have been prepared in accordance with the *Local Government Act* 1993 (Act), the *Local Government (General) Regulation 2022* (Regulation) and the Local Government Code of Accounting Practice and Financial Reporting.

The statements are prepared on an accruals basis. They are based on historic costs and do not take into account changing money values or, except where specifically stated, fair value of non-current assets. Certain taxes and other costs, appropriately described, have been imputed for the purposes of the National Competition Policy.

The Statement of Financial Position includes notional assets/liabilities receivable from/payable to Council's general fund. These balances reflect a notional intra-entity funding arrangement with the declared business activities.

### **National Competition Policy**

Council has adopted the principle of 'competitive neutrality' in its business activities as part of the National Competition Policy which is being applied throughout Australia at all levels of government. The framework for its application is set out in the June 1996 NSW Government Policy statement titled 'Application of National Competition Policy to Local Government'. *The Pricing and Costing for Council Businesses – A Guide to Competitive Neutrality* issued by the Office of Local Government in July 1997 has also been adopted.

The pricing and costing guidelines outline the process for identifying and allocating costs to activities and provide a standard for disclosure requirements. These disclosures are reflected in Council's pricing and/or financial reporting systems and include taxation equivalents, Council subsidies, and returns on investments (rate of return and dividends paid).

### **Declared business activities**

In accordance with *Pricing and Costing for Council Businesses – A Guide to Competitive Neutrality*, Council has declared that the following are to be considered as business activities:

### Category 1 - business activities with gross operating turnover more than \$2 million

Parking Stations - Operation of the Goulburn Street and Kings Cross Parking Stations

### **Taxation equivalent charges**

Council is liable to pay various taxes and financial duties. Where this is the case, they are disclosed as a cost of operations just like all other costs. However, where Council does not pay some taxes, which are generally paid by private sector businesses, such as income tax, these equivalent tax payments have been applied to all Council-nominated business activities and are reflected in special purpose finanncial statements. For the purposes of disclosing comparative information relevant to the private sector equivalent, the following taxation equivalents have been applied to all Council-nominated business activities (this does not include Council's non-business activities):

### Notional rate applied (%)

Corporate income tax rate – 25% (LY 25%)

<u>Land tax</u> – the first \$1,075,000 of combined land values attracts **0%**. For the combined land values in excess of \$1,075,000 up to \$6,571,000 the rate is **\$100 + 1.6%**. For the remaining combined land value that exceeds \$6,571,000 a premium marginal rate of **2.0%** applies.

Payroll tax – 5.45% on the value of taxable salaries and wages in excess of \$1,200,000.

continued on next page ... Page 6

### Material accounting policy information

for the year ended 30 June 2024

### Note – Material accounting policy information (continued)

#### Income tax

An income tax equivalent has been applied on the profits of the business activities. Whilst income tax is not a specific cost for the purpose of pricing a good or service, it needs to be taken into account in terms of assessing the rate of return required on capital invested. Accordingly, the return on capital invested is set at a pre-tax level - gain/(loss) from ordinary activities before capital amounts, as would be applied by a private sector competitor. That is, it should include a provision equivalent to the corporate income tax rate, currently 25% (LY 25%)

Income tax is only applied where a gain/ (loss) from ordinary activities before capital amounts has been achieved. Since the taxation equivalent is notional – that is, it is payable to Council as the 'owner' of business operations - it represents an internal payment and has no effect on the operations of the Council. Accordingly, there is no need for disclosure of internal charges in the SPFS.

The rate applied of 25% is the equivalent company tax rate prevalent at reporting date.

### Local government rates and charges

A calculation of the equivalent rates and charges for all Category 1 businesses has been applied to all assets owned, or exclusively used by the business activity.

### Loan and debt guarantee fees

The debt guarantee fee is designed to ensure that Council business activities face 'true' commercial borrowing costs in line with private sector competitors. In order to calculate a debt guarantee fee, Council has determined what the differential borrowing rate would have been between the commercial rate and Council's borrowing rate for its business activities.

### (i) Subsidies

Government policy requires that subsidies provided to customers, and the funding of those subsidies, must be explicitly disclosed. Subsidies occur where Council provides services on a less than cost recovery basis. This option is exercised on a range of services in order for Council to meet its community service obligations. The overall effect of subsidies is contained within the Income Statements of business activities.

### (ii) Return on investments (rate of return)

The NCP policy statement requires that councils with Category 1 businesses 'would be expected to generate a return on capital funds employed that is comparable to rates of return for private businesses operating in a similar field'.

Funds are subsequently available for meeting commitments or financing future investment strategies. The rate of return is disclosed for each of Council's business activities on the Income Statement.

The rate of return is calculated as follows:

#### Operating result before capital income + interest expense

### Written down value of I,PP&E as at 30 June

As a minimum, business activities should generate a return equal to the Commonwealth 10 year bond rate which is 4.30% at 30/6/24.

### (iii) Dividends

Council is not required to pay dividends to either itself (as owner of a range of businesses) or to any external entities.

### INDEPENDENT AUDITOR'S REPORT

# Report on the special purpose financial statements Council of the City of Sydney

To the Councillors of Council of the City of Sydney

### **Opinion**

I have audited the accompanying special purpose financial statements (the financial statements) of Council of the City of Sydney's (the Council) Declared Business Activity, Parking Stations, which comprise the Statement by Councillors and Management, the Income Statement of the Declared Business Activity for the year ended 30 June 2024, the Statement of Financial Position of the Declared Business Activity as at 30 June 2024 and the Material accounting policy information note.

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Council's declared Business Activity as at 30 June 2024, and its financial performance for the year then ended, in accordance with the Australian Accounting Standards described in the Material accounting policy information note and the Local Government Code of Accounting Practice and Financial Reporting 2023–24 (LG Code).

My opinion should be read in conjunction with the rest of this report.

### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as the auditor of councils
- precluding the Auditor-General from providing non-audit services.

I have fulfilled my other ethical responsibilities in accordance with APES 110.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### **Emphasis of Matter - Basis of Accounting**

Without modifying my opinion, I draw attention to the Material accounting policy information note to the financial statements which describes the basis of accounting. The financial statements have been prepared for the purpose of fulfilling the Council's financial reporting responsibilities under the LG Code. As a result, the financial statements may not be suitable for another purpose.

### Other Information

The Council's annual report for the year ended 30 June 2024 includes other information in addition to the financial statements and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements and Special Schedules (the Schedules).

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and Special Schedule 'Permissible income for general rates.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

### The Councillors' Responsibilities for the Financial Statements

The Councillors are responsible for the preparation and fair presentation of the financial statements and for determining that the accounting policies, described in the Material accounting policy information note to the financial statements, are appropriate to meet the requirements in the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

### Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: <a href="www.auasb.gov.au/auditors">www.auasb.gov.au/auditors</a> responsibilities/ar4.pdf. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

that the Council carried out its activities effectively, efficiently and economically

- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

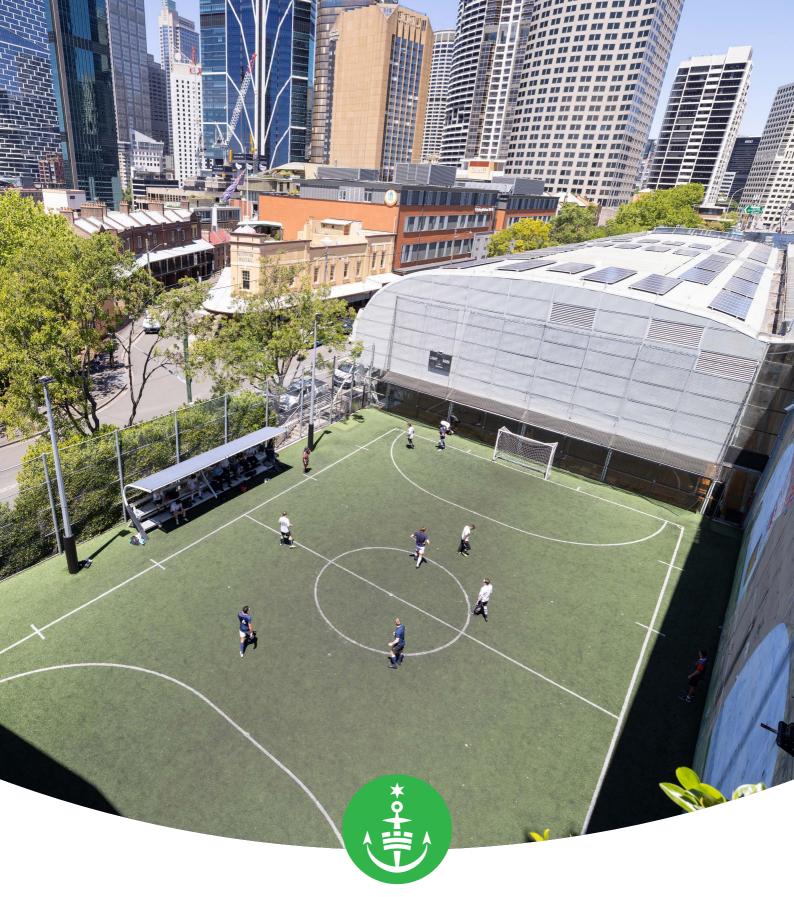

Karen Taylor

Delegate of the Auditor-General for New South Wales

29 October 2024

Kaser Laylor

| Sub-total  | h=g             | 679                    | 35                     |
| Total permissible income                           | i= (f + h)      | 340,924                | 356,848                |
| Less notional general income yield                 | j               | 340,889                | 357,082                |
| Plus one-off catch-up of previous years' shortfall | k               | _                      | 234                    |
| Catch-up or (excess) result                        | I = (i - j + k) | 35                     | -                      |
| Carry forward to next year <sup>4</sup>            |                 | 35                     | _                      |

The Council has the accumulated balance of \$446,008 from the previous year shortfall in the general income. This can be used as a one-off catch-up in the future years under section 511 of the Local Government Act 1993.

Notes

- (1) The notional general income will not reconcile with rate income in the financial statements in the corresponding year. The statements are reported on an accrual accounting basis which include amounts that relate to prior years' rates income.
- (2) Adjustments account for changes in the number of assessments and any increase or decrease in land value occurring during the year. The adjustments are called 'supplementary valuations' as defined in the *Valuation of Land Act 1916 (NSW)*.
- (3) The 'percentage increase' is inclusive of the rate-peg percentage, and/or special variation and/or Crown land adjustment (where applicable).
- (4) Carry-forward amounts which are in excess (an amount that exceeds the permissible income) require Ministerial approval by order published in the NSW Government Gazette in accordance with section 512 of the Act. The OLG will extract these amounts from Council's Permissible income for general rates Statement in the financial data return (FDR) to administer this process.

### INDEPENDENT AUDITOR'S REPORT

## Special Schedule – Permissible income for general rates Council of the City of Sydney

To the Councillors of Council of the City of Sydney

### **Opinion**

I have audited the accompanying Special Schedule – Permissible income for general rates (the Schedule) of Council of the City of Sydney (the Council) for the year ending 30 June 2025.

In my opinion, the Schedule is prepared, in all material respects in accordance with the requirements of the Local Government Code of Accounting Practice and Financial Reporting 2023–24 (LG Code) and is in accordance with the books and records of the Council.

My opinion should be read in conjunction with the rest of this report.

### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Schedule' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I have fulfilled my other ethical responsibilities in accordance with APES 110.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### **Emphasis of Matter - Basis of Accounting**

Without modifying my opinion, I draw attention to the special purpose framework used to prepare the Schedule. The Schedule has been prepared for the purpose of fulfilling the Council's reporting obligations under the LG Code. As a result, the Schedule may not be suitable for another purpose.

### Other Information

The Council's annual report for the year ended 30 June 2024 includes other information in addition to the Schedule and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements, special purpose financial statements and Special Schedule 'Report on infrastructure assets as at 30 June 2024.

My opinion on the Schedule does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and the special purpose financial statements.

In connection with my audit of the Schedule, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Schedule or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

### The Councillors' Responsibilities for the Schedule

The Councillors are responsible for the preparation of the Schedule in accordance with the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation of the Schedule that is free from material misstatement, whether due to fraud or error.

In preparing the Schedule, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

### Auditor's Responsibilities for the Audit of the Schedule

My objectives are to:

- obtain reasonable assurance whether the Schedule as a whole is free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the Schedule.

A description of my responsibilities for the audit of the Schedule is located at the Auditing and Assurance Standards Board website at: <a href="www.auasb.gov.au/auditors\_responsibilities/ar8.pdf">www.auasb.gov.au/auditors\_responsibilities/ar8.pdf</a>. The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited Schedule on any website where it may be presented
- about any other information which may have been hyperlinked to/from the Schedule.

Karen Taylor

Kaser Laylor

Delegate of the Auditor-General for New South Wales

29 October 2024 SYDNEY

### Report on infrastructure assets as at 30 June 2024 (continued)

#### Notes:

- a **Estimated Cost to Bring To Satisfactory Standard** per Office of Local Government Requirements, reflects the estimated cost to restore all Council assets to condition '3' or better. These cost (and asset condition) assessments remain highly subjective, as in previous years
- b *Estimated Cost to Bring to the Agreed Level of Service Set by Council* reflects the estimated cost to restore all assets assessed to be at a condition beneath Council's minimum service levels. These standards (i.e. target conditions) are detailed in Council's Asset Management Strategy, and reflect the strategy of maximising the consumption of assets' service potential before renewal works are undertaken.
- c Maintenance costs, per Office of Local Government Requirements, include both maintenance and (appropriate) operational costs

  Required maintenance reflects amounts identified within Asset Management Plans for the respective classes, and equivalent expenditure types are included within the 'Actual' column.
- d Carrying Value reflects the asset value by class, per Note C1-8 of the General Purpose Financial Statements.
- e The proportion of Specialised Buildings assessed as condition 5 is distorted by the inclusion of the Sydney Park Brick Kilns, assessed to be in a "poor" condtion. This asset represents a disproportionate share of the small 'Specialised Buildings' class.
- f 'Other' infastructure includes street furniture and traffic facilities (e.g. traffic islands, median strips, thresholds)

#### Infrastructure asset condition assessment 'key'

Excellent/very good
 Good
 Satisfactory
 Poor
 No work required (normal maintenance)
 Only minor maintenance work required
 Maintenance work required
 Renewal required

Very poor Urgent renewal/upgrading required

| an agreed service level set by Council Gross replacement cost  | 113,878<br>6,451,909 | 1.77%     | 1.82%    | 1.74%     |            |

<sup>(\*)</sup> All asset performance indicators are calculated using classes identified in the previous table.

<sup>(1)</sup> Asset renewals represent the replacement and/or refurbishment of existing assets to an equivalent capacity/performance as opposed to the acquisition of new assets (or the refurbishment of old assets) that increases capacity/performance.

### Report on infrastructure assets as at 30 June 2024

### 1. Buildings and infrastructure renewals ratio

### Purpose of buildings and infrastructure renewals ratio

To assess the rate at which these assets are being renewed relative to the rate at which they are depreciating.

### Commentary on 2023/24 result

2023/24 ratio 84.20%

Ratio performance continued an improving trend in 2023/24, with asset renewal delivery rates increasing compared to prior years. Required asset revaluations continue to result in increasing depreciation, which has seen year on year increases in the ratio denominator of 5-10% for the years shown.

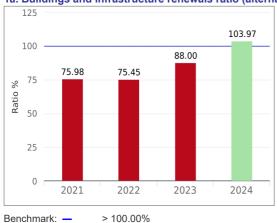

Benchmark: - > 100.00%

Source of benchmark: Code of Accounting Practice and Financial Reporting

Ratio achieves benchmark

Ratio is outside benchmark

### 1a. Buildings and infrastructure renewals ratio (alternate)

### Purpose of 1a. buildings and infrastructure renewals ratio (alternate)

To assess the rate at which these assets are being renewed relative to the required level of renewal identified in Council's Asset Management Plan.

### Commentary on 2023/24 result

2023/24 ratio 103.97%

The alternate required renewal levels reflect projections included in the Asset Management Plan (part of the Resourcing Strategy). On this enhanced indicator, Council's renewal expenditure exceeded the annual 'required' level for 2023/24. Performance trends for the alternative ratio reflect ratio 1 above, as a result of improved capital renewal works delivery over time.

Solioinian.

Source of benchmark:

### Ratio achieves benchmark

Ratio is outside benchmark

### 2. Infrastructure backlog ratio

# Purpose of infrastructure backlog ratio

This ratio shows what proportion the backlog is against the total value of a Council's infrastructure.

### Commentary on 2023/24 result

2023/24 ratio 2.03%

Ratio performance declined slightly, largely reflecting cost pressures on estimated renewal costs, but remains within a reasonable margin of the benchmark level. Improvements to asset condition data are ongoing. Effective utilisation of asset service potential remains a priority and renewal works are targeted to maximise asset life. Note that the carrying value of assets (denominator) includes capital work in progress.

### Report on infrastructure assets as at 30 June 2024 (continued)

### 3. Asset maintenance ratio

### Purpose of asset maintenance ratio

Compares actual vs. required annual asset maintenance. A ratio above 1.0 indicates Council is investing enough funds to stop the infrastructure backlog growing.

### Commentary on 2023/24 result

2023/24 ratio 100.66%

Council's performance ratio result is slightly ahead of benchmark. A ratio result consistently and significantly in excess of 100% would represent potential over-servicing of assets. While still meeting the benchmark target, the marginal decline in ration performance for 2023/24 is consistent with improved renewal performance.

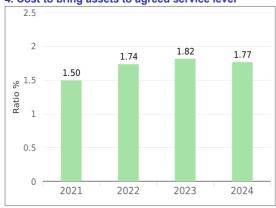

Benchmark: — > 100.00%

Ratio achieves benchmark

Ratio is outside benchmark

### 4. Cost to bring assets to agreed service level

# Purpose of cost to bring assets to agreed service level

This ratio provides a snapshot of the proportion of outstanding renewal works compared to the total value of assets under Council's care and stewardship.

### Commentary on 2023/24 result

2023/24 ratio 1.77%

Council has met the benchmark for this ratio for all years shown. This ratio is considered to be more reflective of Council's infrastructure 'backlog', particularly due to the use of gross replacement cost in calculation. Ratio performance remains largely stable. Agreed service levels reflect appropriate minimum asset condition intervention points determined by Council's asset managers.
